

[Epub] → Big Nate: In a Class by Himself (English Edition) Par Lincoln Peirce – Soccerjerseys-wholesale.co

Posted on 16 September 2019 By Lincoln Peirce

I read this book with a group of 4th graders who were studying it for battle of the books this year It s very well written in terms of being entertaining and relatable for that age group However, for my students two things really stuck out that they didn t like First, they felt like this book was the boy version of Dork Diaries I ll be honest, I m not sure which book came first just want to give a ten year old s perspective Second, they thought that although he was sort of funny that Nate was mostly a really big jerk In fact, while we were reading it my group kept interrupting me to point out just how big of a jerk Nate really was and it became a sticking point that made it a little difficult to move through the book When asked if they would be reading Big Nate books they all said no.As a parent, I can say that there are certainly much worse choices for children to make than Nate This book is no Maniac McGee but it IS funny and should hold the interest of most late elementary aged readers. Good book I read the book prior to my child and didn t see why people think it s not an ok read for children The truth is that kids relate to this stuff and its actually kind of funny and enjoyable The Diary of a wimpy kid thing is a great formula to get a kid reading if they aren t the type of kid who will pick up a book on their own After the first chapter my little girl ran upstairs with the book and didn t come back down until she had finished it Now she wants the whole series Thanks to these kinds of children s books, my daughter reads on her own and because of that she is becoming a better student If your kid struggles to pick up a book, you may want to give this
