Alex Donally the demon blade which hungers and consumes the blood and body of humans has bonded to Alex though it isn't inherently good it goes with the morals of the holder and it changes forms sharp knife, sword, baton, etc as needed Deb Marchand ran away and is hiding from an abusive ex boyfriend she's landed in Ohio, and is working at an auto store Alex, the quintessential looking bad boy with an air of violence, has been coming into the store over the last months, and correctly reading Deb's interest, but her determination to keep her distance, so besides some covert glances back and forth, it's only business Until he has a misstep with the local drug runners, is roughed up, and instead of taking a day of healing yes, the knife speeds up healing, he goes to the store where he's seen by one of the bad guys who try to intimidate Deb by tossing the store around so that she'll give them his credit card info and he comes in, helps, and gives her his card in case she needs help and her picture ends up in the newspaper, and before she can head out, her ex shows up she runs, hides, and hours later, behind the book store, she finally thinks to call Alex He shows up they escape her ex trying to ram them with his car the demon blade as baton bashes his window and derails him they go to his house talk and love he tells her about the blade he is startled awake by the blade they try to escape, ex is there they win the day and together follow the knife's calling to another city

Her past has made it so that Deb has kept her head low, but even though she's pretended not to, it hasn't kept her

Little House in the Big Woods

I, Claudius

from noticing the gorgeous bad boy who regularly comes to her store The day that Alex walks in battered, Deb s compassion overrides her caution, even though another bad boy is the last thing that she needs in her life especially one who trails danger in his wake Deb has learned the hard way to trust no one but when Alex s troubles lead Deb s past to her doorstep, trusting the mysterious stranger may be her only hope of survival. Demon Touch was short but good I really liked both of the leads, especially Alex with his self deprecating humor and his protective streak and how he is so careful with the damaged Deb It makes the way that they come together physically for the first time actually work the return to sensuality for a victim of abuse is rarely handled so well Alex s curse also adds an interesting element to the story and I thought that the glimpses of the future that it gave Alex upped the emotionally ante, especially in the final scene in which we get a glimpse of how things could have turned out. So I really enjoyed Demon Touch Durgin is one of my favorite Nocturne authors, I really like her shape shifting Sentinel s romances too Lion Heart Sentinels, 2 , so I am glad to see how well she handled this different kind of paranormal tale.
