

[Read] ⇒ Mistress, Inc. Author Niobia Bryant – Soccerjerseys-wholesale.co

Posted on 03 June 2017 By Niobia Bryant

Do you think you can side with a mistress. don't be too quick to answer until you read this book. Read this for my bookclub and also because I'm nosy and want to see what happens next to the characters. Jessa is a trip for real, but after finding out about her upbringing and skeletons keep jumping from her closet you can kinda sympathize with her. naaaah, maybe not 3.5 Star Rating. This one fell short to me not as good as the second one not as bad as the first one. With that being said Jessa Bell was trying to redeem herself and find God, which at times things didn't look too good for Jessa. For a brief moment I was wishing for the ladies to find a way to rekindle their friendship but then I don't think there was no coming back from some of the things Jessa did. so some things were better left alone.. I see that choke hold didn't kill Jessa trifling butt. Ok I'm finished reading the book I tell you that Jessa is something else, but after finding out some disturbing things from her past, I can see why she carried certain feelings. Her behavior was still funky though LOL. The ending was surprising as well I enjoyed this book. SN sometimes it's hard submitting a review without telling too much. The Scarlet Mistress Jessa Bell's story has been in the local news for weeks. When a chance to tell her story nationally comes along, Jessa sees this as an opportunity to finally tell the entire story. Sure she slept with another woman's husband, destroyed a marriage, alienated friends, and rocked a community, but she wasn't alone. Now that her lover is dead, she is the one being persecuted, alienated and ridiculed. Would it ever end. Despite the naysayers, Jessa is trying to build a bond with God. She's tried to make amends with her former

friends, but each is adamant about not staying in touch. Though through her betrayal, Aria, Jamie and Renee can easily see that their lives have been enhanced for the best. Knowing that they can't forgive her, can Jessa finally learn to forgive herself?

MISTRESS, INC by Niobia Bryant is the third installment I like that readers get to meet Jessa and peel through the layers of her existence. While Aria, Renee and Jamie aren't the main attraction, readers still get to peek behind the scenes into their lives as Jessa battles with her demons. Unfortunately, the story is still so repetitive, especially since by now, readers know of many, if not all of her transgressions. Also, it takes forever to get to the new secrets that she's withholding. I read the kindle version and there were definite missteps in editing with missing and/or misspelled words. A good read. I hope we've finally said goodbye to the women in Richmond Hill.

3.5 I liked the book, but it was a bit slower than the others. It took me weeks to read whereas the others I finished in a matter of days. I think the storyline dragged a bit in the one. This book was probably like 4.5 stars. In part three of the Mistress series, we learn about Jessa Bell and how she became the person she is. After learning about her childhood, I wanted to feel sorry for her, but her actions just would not allow me to do so. I was a little disappointed with the book because I just do not feel that Jessa got what she truly deserved. The third part of the series was just okay. The majority of the book was about the mistress and what she wanted to do with the rest of her life. I didn't get engaged with the story until the end, but I kept going in order to finish the series. The saga continues. Jessa Bell destroyed friendships and lives with her cryptic text message about having an affair. Now that her married lover is deceased and Jessa has suffered a near-death experience, she wants to come clean. Jessa wants forgiveness from God and her former friends, but that will be easier said than done. The Richmond Hills community is once again the center of media attention and Jessa finds herself in the middle. Will Jessa be able to live a normal life after all of the problems she has caused? Will her former friends ever be able to forgive her?

Read *Mistress, Inc* to find out the answer to these questions. Bryant's third book in the Mistress series does not disappoint. This time, we find out about Jessa's past and how she came to be the person that she is. With this character, Bryant is able to force the reader to
