Man i istorija niekuo nei siskyr nuo imt kit Greita aistra , paskui daug dram ir galiausiai viskas baigiasi kaip ir tur t Nei veik jai , nei romantin s erotin s scenos neu kabino , i autor yra para iusi iek tiek geresni knyg , i asmeni kai pavadin iau pras iausiu iki iol skaitytu jos k riniu. After One Night With Rich, Sexy Rancher Travis Clayton, Fashion Magazine Executive Finola Elliott Discovered She Was Pregnant The Baby Was A Welcome Surprise, But Fin Would Need The Next Nine Months To Figure Out What To Do About The Faraway Father Travis Had Never Forgotten That Night or Finola He Knew Her Life Was In The Concrete Canyons Of Manhattan, Not The Foothills Of The Rockies Still, Travis Was Determined To Be A Father To His Child And He Always Got What He Wanted What I Liked What Worked While this book was fine, I would ve only rated it 2.5 stars It was the typical fare from Silhouette I liked the symmetry sex twice and gets knocked up both times This book finally explains the anger Fin has toward Patrick and the loneliness she has in the earlier books I thought Travis was a cool dude He eats food he does not like and drinks coffee that sucks just to be with Fin I noticed in chapter 2 he leans against the door jab like Tag did in Taking Care of Business, book 2 in this series I liked how her being pregnant is discussed early in the book Fin thinks she is chapter one and it is confirmed in chapter 3 I liked the view into Fin and Shane s relationship He shows up at her apartment when she takes the day off because he is worried Even while they are competing against each other, he still cares for her I like that fact that Travis was

in love with his wife, but has healed from that loss and is ready for love again I think this is realistic The driving lesson was too funny I liked that Travis shared his reaction to Jessie wanting to find her birth mother I thought that was great because society often hears about the adoptive child s quest to find their birth parents, but rarely does the adoptive parents get to share their feelings I liked how the both keep interjecting the other sex For example, it Travis says he, Fin interjects with a she pronoun Bridget and Mac make a cameo in this book I like the updates I was hoping that Bridget was pregnant too What I Did Not Like What Did Not Work I did not like the whole I just wanted a family my whole life, but I settled for being a powerful publisher It was not believable I m not a fan of Travis cowboy home spun language With the internet and satellite television, we are all sounding and alike I don t think Travis would speak like this Too over the top for me Questions Why did Patrick start the competition Maeve tries to get him to say why at Jessie s wedding, but he doesn t I made the assumption that Fin has only had sex twice I think she does, but not really sure. Ojala Finola se hubiese enfrentado antes a su padre pero dudo que lo hubiera logrado de no haber conocido a Travis Me hubiera gustado que muchas cosas fueran diferentes No se mas de Fin y Jessie, del bebe Es raro lo de ella y Travis pero tan hermoso y natural Al final, ella no buscaba dirigir a todos, sino formar una familia This family has come full circle They love each other deeply They are competitive, caring, there for each other Of all the Elliott s, Fin was the most driven and the most hurt by Patrick I was so happy she found happiness with Travis and her children This was different for the series, but I enjoyed it Loved this book I loved Travis and Finola They were absolutely perfect for one another. This book really needed to be longer It was one of the shortest books in the series I did, however, LOVE the fact that Fin finally got a whole HEA. note to self avoid this book
