get her daughter back To do that will have to find a place to live and a job enter Dr Jesse Alvarez Cooper Jesse hires Laura as a housekeeper and along with his family, helps Laura get back on her own feet What neither the broken Laura or the planning Jesse expected though was the pulling attraction they feel towards one another One has plans that don t include a relationship and the other won t let what she feels hurt her or her daughter.Years ago, I use to often read Love Inspired books quite often and enjoyed them Over the years though I ve shied away from them and found interest in other types of books and haven t picked one up in awhile During my last trip to the library, and browsing the shelves, I came across a few titles that sounded interesting and decided to give them a try again After not reading one of these types of books in years, I would have to say it s a slightly different path experience than some other books I was pleasantly surprised though to find that I enjoyed returning to this type of book They deliver inspirational stories with down to earth characters and themes While these books do feature christian themes and focus on belief and faith, you are still able to enjoy the story however these things may impact your own life.I enjoyed meeting the Cooper family in this story they are such a close, loving family Minton did a wonderful job creating likable characters, a wonderful plot, and an inspirational story I look forward to both checking out of the Cooper Creek series, and other Love Inspired books in the near future. The Cowboy s Healing Ways was absolutely excellent and did not disappoint me in the least In fact, it has been my favorite book in the Cooper Creek Series thus far I completely fell in love with Jesse, Laura, and adorable little Abigail This novel was quite simply perfection and I would recommend it to fans of the CCS or anyone who enjoys reading a fantastic Christian romance. Easy to read Contemporary Christian Romance Not very religious, in fact I was surprised how little the male lead prayed I haven t read any other books in this series but there are a lot of siblings to keep track of.
