I love it. I am kinda shy so this book inspired me to show my gift of arts and crafts. This is a really great book. I am a big fan of books that teach us a lesson and this one definitely does just that. I found it one day on Freebooksy and ordered it for my Kindle and I highly recommend it for anyone who has a little girl, especially one that likes dressing up as a little princess. I don't want to give too much of the story away if you look at the book on here, I'm the one who added it to Goodreads and I wrote a little synopsis which I thought would win anyone who has a little girl's heart.
