shivers running down my spine feeling again after the last time in any other books that I read following that not until this one came up , EVERYTHING WAS PERFECT IN ITS OWN RIGHT for my taste that is LOL It was nicely and neatly done and written and the amount of Alpha dominance tough macho persona for Rio was just right because he could also be the caring sweet protective macho type and Sass was also a kick ass bad ass type that won t take defeat but at the same time, who knows how to be a woman on how to be soft and pliant but not the absurdly and ridiculously flirty andsluttykind who is fast and furious to have sex or make love that I kinda believe typical of a secret or undercover agent to get her way easily in to some difficult situation if you catch my drift D , she was actually nervous, anxious and agitated around Rio and was uncertain and reluctant when they have to make love the first time The story is fast paced, never a dull boring moment, there s always suspense and the story is easy to pick up to and the dialogues were witty and were always in tune.I thoroughly enjoyed reading this one and to tell you the truth, I COULDN T STOP READING IT, it kinda makes me want to believe that OPPOSITE REALLY ATTRACTS 3 and I m very happy to say that I HIGHLY RECOMMEND THIS This is my gorgeous blue eyed, sexy and hot as hell brunette Secret Agent, Mr Stewart Rio And my equally gorgeous green eyed, beautiful and absolutely sexy blonde Secret Agent, Ms Kansas Hawthorne The Thief Rookie Special Agent Sass Hawthorne has breaking and entering down to a fine art There s nothing she can t or won t steal for her beloved FBI But Sass has a big secret, and iron bars around her heart And she s made damn sure no man will ever get past those.The Enemy Stewart Rio, legendary by the book Special Agent in Charge of the FBI s elite anti theft squad, lives and breathes his job which is to lock up every thief in the country and throw away the key.The Masquerade Sparks fly when Sass and Rio are ordered on a top secret undercover op together forced to masquerade as husband and wife Their mission to retrieve a stolen nuclear trigger about to be auctioned off to terrorists.There s no doubt they ll ace their mission The question is, will they survive each other THIS IS LITERALLY MY KINK SIM 1402 I love stories like these in which the Hero and Heroine are rivals in their work And this is true of Kansas Sass and Rio Sass is a rookie FBI Agent but

she is the best at stealing things for the FBI She has also won the trophy for a contest of sorts between her and the squad that Rio is in charge of Both are good looking and never date other agents Sass never works with partners and Rio hates thieves because of a past incident related to the death of his father Nonetheless, Rio and Sass must work together, closer than the normal partner work because they will have to go undercover as the married couple Rafe and Gun Sass and Rio were great together I loved how they teased each other especially It was nice seeing them begin to trust one another and start realizing their feelings for each other Rio was confident in their relationship working out after their undercover work was over Sass wasn't She believed that she is a jinx because of the things that have happened with her family It did become a little annoying when she always brought that up but I liked that this reason was chosen as one of the conflicts between them because even though jinx seems like a very trivial, crazy reason, people actually think like that in the real world. There was a little unbalance between the actual undercover work and their romance For a large part of the book it seemed like there was less action of them having to act like a married couple There seemed to be less danger than is found in these books, maybe because Dawson and the other visitors weren't given lengthy parts or lengthy dialogue I was really glad that the author didn't have Sass get stuck at the end in their host, Dawson's, bedroom at the end when she goes to steal the trigger that they have come for Usually in these forced to be couples undercover type books, the heroine goes to search the villain's room and either has to pretend like she will share a night with him or gets caught and is almost forced by the villain on the bed and the Hero has to come save her Dawson in this case had a bed with all kinds of equipment attached to it for those kinds of purposes but she is not found in that position which was a positive for me There was one incorrect information in the pronunciation of the name Gun Gun is described as being pronounced as Poon in Punjab Punjab is actually pronounced just as it is written, pun, with less emphasis on the letters p and n with n almost but not really being silent. Overall, good book I liked how Sass's and Rio's lives converge at the end and how caring and sweet Rio becomes towards Sass throughout the book. n a Though this

was a template premise and plot Silhouette Intimate Moments Romantic Suspense story with two enemies having to work together undercover to bring in the bad guy You all know how that s going to end, don t you , Ms Bruhns created a nice, and explosive mixture of H h to keep thins interesting, hot, steamyAnd inserted in a nice little villain to keep them on their toes Ad to that a mutual secret in the past, revealed at the most inopportune and for that oh so perfect moment in the story, and you have yourself a winner.Fast paced, great characterization, wonderful suspense, and explosive chemistry Loved it.
