Posted on 07 April 2018 By Beth Cornelison

The combination of Slade s toughness and Amanda s spunk will draw readers in Good pacing and a solid mystery, complete with an unexpected twist in the end, cap off a well crafted story RT Book Reviews, rated 4 stars Miniseries The Coltons of Wyoming A story that once was a Fairy Tale now becomes a nightmare for those who live on Dead River Ranch When kidnapping, murder, isn t going to work then taking the Granddaughter of Jethro Colton to get revenge will open up the whole can of worms that will shatter everyone who lives on the ranch and shatter the hearts of three daughters of Jethro Colton. Join The Coltons Of Wyoming For A Holiday Showdown At Dead River Ranch Deep Undercover, Wyoming Special Agent Slade Kent Comes To Dead River Ranch With Only One Thing In Mind Justice Bent On Solving A String Of Recent Crimes, As Well As His Father S Long Unsolved Murder, He Won T Let Down His Guard For Anyone Until Beautiful Heiress Amanda Colton And Her Baby Are Attacked He Ll Do Anything To Protect Them Even Put His Heart On The Line Amanda S Done With Deception, But The Irresistibly Mysterious Slade Draws Her Trust When Danger And Uncontained Passion Spark, They Must Both Put Aside Secrets And Agendas For Survival And Love I would have given this book one star but the scene 2 minutes in where Amandas hand is up a horses butt while a man checks her out bumps it up Also imagining Powers Boothe as Jethro helped. Slade s presence, Jethro s imminent demise, and overwhelming greed proved to be the Mastermind s final

undoing There are some significant twists in this book that I did not see coming Though I had my own suspicions, the reveal of the Mastermind truly caught me by surprise Additionally, the revelation of Cole s kidnapper wasn t who I expected Along the way we also learned who murdered Slade s father The last wasn t quite such a surprise. Through this all, we grow to love Amanda and Slade As the eldest Colton sibling still on the ranch, she is the heir apparent to take over as the family matriarch This mantle of responsibility coupled with the pressures of being a single mother make Amanda a little prickly to start She s comfortable in her skin and doesn t want to rely on anyone else Slade, on the other hand, doesn t want anyone to rely on him The recent loss of his wife and baby daughter caused him to believe he wasn t cut out to be a good guy Watching these two overcome their fears and learn to trust each other is what makes good romance. Tying everything up into a neat bow is hard Cornelison did an amazing job keeping up with everything that was outstanding She provided the final reveals for the kidnapping story and the Mastermind, a status update for all of our HEAs that happened along the way, and crafted a new story To add to it, I have a feeling that Slade and Amanda were not easy to wrangle I m sad to see the Colton s of Wyoming end But I m thrilled that I was along for the ride. Need to read previous books for this one to make sense and its a Christmas book I read after Christmas. Slade is a federal agent ,working undercover. He comes to the Dead River Ranch as a new foreman. In reality he investigates his father s murder and the latest trouble at the ranch. Amanda is afraid of losing her baby, Cheyenne She is a single mother, dumped by her married lover. Another baby , Avery, was lately kidnapped instead of Amanda s daughter. So Amanda hires Tom as a bodyguard for Cheyenne. her father, Jethro, is dying from leukaemia His illegitimate son, Levy, a doctor, takes care of him. Jethro s eldest son, Cole, was kidnapped as a baby. Lately it was discovered that Cole is.. Dylan, who grew up on the ranch and now is in Witness Protection program with his fiancée. Jethro s ex wife, Darla, and her two children still live there. Amanda suspects they need money and thus could hurt her child. Someone shoots at Amanda and Cheyenne. Later the baby is kidnapped and a ransom is demanded. Slade learns from Jethro the truth about his father s death. A surprise

kidnapper gets just reward and many secrets revealed in the sixth book in The Coltons of Wyoming series This book is by Beth Cornelison. The story takes place during 3 weeks before Christmas Kidnapped son and really kidnapped children, dirty money amassed by Jethro, who is blackmailed himself. A bit too many of murders and kidnappings, in my opinion. This was a good book, but the cover never said anything about it being in a series I was VERY lost There were plot lines that were mentioned, but not expanded on You were left hanging, the writer assuming that you have read the previous books I would have enjoyed it a LOT if I had been warned to read the previous books If I had known it was part of a series, I wouldn't have read it first Disappointed I'm so disappointed, I don't even care about the series now. Fantastic wrap up of the series Everyone is on edge as the kidnapping attempts continue Slade has been sent to work undercover to solve the mystery He also wants to discover who was behind his father's murder ten years ago He doesn't want to get involved with Amanda Meanwhile, Amanda will do everything she can to protect her daughter Slade's secretiveness worries her until she discovers who he is Then she has to try to fight her attraction to him to concentrate on helping Slade solve the mystery. I really liked both Amanda and Slade As the oldest of the three Colton girls, she is the one everyone looks to while her father is ill She is also a single mother and a veterinarian which adds pressure to her She is very independent and doesn't like to rely on anyone else for something she feels she can do I loved the first meeting between her and Slade He acted like she wasn't up to taking care of the sick horse and really treated her like a spoiled brat I loved seeing her show him just what she could do and how he pretty much had to eat his words There were definitely a lot of sparks between them from the beginning Amanda also has trust issues because of her baby's father and she senses that Slade is hiding something I liked the way they cleared that issue early on and promised to be honest with each other I loved seeing them work together to solve the mystery There were some great moments with Amanda making sure that Slade knew that she would be involved in every step Her appearance at the airport was so much fun to read Amanda also realized she was falling for Slade and had no idea if he would ever return her feelings because of his own

past Slade was determined to solve the crimes and the mystery of his father's death. He's certain that the Coltons have been covering up the truth all these years. He initially views Amanda with a great deal of suspicion. When he saves her daughter from an attempted kidnapping, he starts to realize that his suspicions were unfounded. I liked the way that he did tell her who he was and why he was there. His attraction to her bothered him because he doesn't want to have feelings for another woman and child. He hasn't recovered from the deaths of his wife and daughter and doesn't want anyone relying on him because he doesn't believe he's deserving of it. Being around the baby brings back his pain and he tries to stay away from her. I loved the way Amanda just stuck him with her and how Slade and Cheyenne ended up playing together. Besides showing Amanda what a nice guy he was underneath the grouchiness, it also started healing Slade's heart. Even though he was resisting it as hard as he could, Slade's feelings for her were just as strong. As the concluding book in the series, everything got tied up very well. I suspect that pulling it all together while keeping it believable was not an easy task. There were some interesting twists. The Mastermind was who I suspected, but the reasons were a complete surprise. The person who kidnapped Cole was also a surprise, though we never got a reason, which I would have liked. The death of Slade's father was also explained. One of my favorite things was seeing Darla and crew get what was coming to them. I liked the final catch up on the couples, and loved the decisions made about inheritances. I loved this series and hope to see Colton stories. Books in series, is *The Colton Ransom*, *Colton by blood*, *the missing Colton*, *The Colton bride*, *Tri le Exposure*, *Colton Christmas Rescue*. This is a really good book, but you will feel lost if you read this book first. I missed reading a book or two in the series. I felt like I was missing key information, but was still able to enjoy this book. Amanda made a wonderful heroine, and pulled me right into the story. This story did have a lot of characters, that only added to the story in a good way. Slade, what can I say I love a hero that has scars, but learns how to let his heart love once again. The suspense of this story was fantastic. It had twist that left me shocked. Amanda's baby was almost kidnapped a few times. She hired a body guard to protect her. Accidents happened on

the ranch, but someone was covering up the truth Slade was working undercover to find answers He was a detective, posing as the new ranch foreman He was dealing with grief of losing his wife, and baby He didn t want to fall for Amanda or her baby little baby Cheyenne melted his heart, and he vowed to protect her, and her mom I love how protective he was This book had a few emotional moments that choked me up I didn t shed tears, but it was close This was a great book I was glad all the mystery s were solved by the end of the book.
