

# [KINDLE] ❄️ Falling for the Farmer By Narelle Atkins – Soccerjerseys-wholesale.co

Posted on 16 February 2017 By Narelle Atkins

A sweet romance that had me hooked from the very first pages I loved the characters of Kate, Jack, Megan and Doris, and hope to see Megan s story some day. Being an avid reader of romance, I had been anxious to get my hands on a copy of Narelle s debut novel, Falling For the Farmer And I wasn t disappointed.The first page had me intrigued how was poor Kate going to deal with the fallout from being a runaway bride And as soon as the lovely Jack was there to catch her, I had to find out about him too.Kate is trying to find out who she is after her world is turned upside down by her momentous decision There s a lot of conflict for her to deal with, in the form of relationships and circumstance, and being a resolute young woman, she meets her challenges head on, determined to stand on her own two feet.Jack appears to have his life in order His orchard keeps him busy, he s recovered from the breakup of a long term relationship and then he falls for Kate But is that wise For starters, his heart is at risk Kate s already left her fianc at the altar can she be trusted Also, she s a city girl, and they don t do so well at adapting to country life.I m not going to tell you any than that but I will tell you I thoroughly enjoyed being taken along on Kate and Jack s journey as they negotiated the ups and downs of their relationship Love Inspired books are category romances, shorter than the average stand alone novel, and therefore perfect for a holiday read I would recommend Falling For the Farmer for any reader of romance I m looking forward to Narelle s next release, The Nurse s Perfect Match in May 2014 and The Doctor s Return in August 2014 Thank you to Narelle Atkins for providing a free

review copy. Kate Lawson Is A Runaway Bride And She S Incredibly Grateful When Jack Bradley Offers Her A Job On His Apple Farm Working Side By Side In The Orchards With Her Best Friend S Brother Seems Like The Perfect Way To Get Over Her Disastrous Engagement Until Kate Finds Herself Falling Hard For The Handsome Farmer Jack Bradley Knows City Girl Kate Isn T Here To Stay Yet Suddenly He S Imagining A Life With Her In The Country When Kate Considers Going Back To The City, Can Jack Find A Way To Show Her That Her Real Home Is Here On The Farm, By His Side Think of apple charlotte that delightful confection that is sponge cake with a centre of soft stewed apple and piped rounds of cream. That s what this book reminds me of light and airy but also sweet and fruity The romance is simple but no less enjoyable for its lack of complication or predictable outcome Like apple charlotte, it s a satisfying and delicate mix that just works well. The first thing I liked about this novel was the size It easily fits into a handbag I m not a big reader of romance novels but I enjoyed this one The opening scene where rich city girl Kate runs off in the hire car driven by Jack Bradley, leaving Rodney standing at the altar had me interested enough to keep reading Kate takes a job in the apple orchard of the brother of her best friend Megan Jack was also driving the hire car that spirited Kate away., The plot is predictable in the sense that although Kate and Jack start out as friends, they are soon attracted to each other This is complicated by the fact Kate planes to return to the city and Jack is just as firmly entrenched in country life Doris, Jack s aunt is a lovely character and I liked the contrast between Snowgum Creek Community Church and that which Kate had been used to in the city church her mother attended. This is a Christian romance, so you won t find steamy sex scenes or bad language, which in my view is a positive You will get conversations about God and some aspects of salvation, but it is not overdone and comes up naturally in the story Falling for the Farmer is a relaxing read and like a breath of fresh air I enjoyed it. Kate is about to enter the church for her wedding when she realises she can t go through with it, no matter what her mother says She needs to escape Sydney, needs a job and needs somewhere to live Bridesmaid Megan and her brother have the perfect solution Kate can work on the family apple orchard, situated in a small

town near the Snowy Mountains. As Kate settles in to life in Snowgum Creek, she finds she isn't regretting leaving Rodney at the altar and she is falling for the handsome farmer I guess that technically, Jack is an orchardist, but Falling for the Orchardist doesn't have quite the same ring, does it. The characters were excellent Kate and Jack were likeable, Megan shows potential for future books, and Kate's mother well, I just wanted to have words with that woman Her reputation with her posh Sydney friends is important than her daughter. The one fault with Falling for the Farmer is what I see as the common fault of category romance novels they are short, which inevitably means part of it feels rushed in this case, the last couple of chapters Or it could be that I didn't want it to end. It is wonderful to see a Christian novel from one of the major US publishers set in my part of the world, even if it is across the ditch Falling for the Farmer is the first of a trilogy, with the second book due out in May I'll be looking forward to reading it. Recommended for fans of light romance. Thanks to Narelle Atkins for a free copy of Falling for the Farmer for review. This is the first romance novel, a Harlequin love inspired, that I have read for a long time and I enjoyed its ease and simple storyline Jack and Kate are a delightful couple, both with their flaws Kate has taken off on her wedding day and run away from the life she had been living, leaving a world of mess behind her Jack, Kate's best friend's brother, welcomes her into his home as a means for her to get her life sorted out and back on track We see Kate develop from being a bit of a spoilt city girl, to down to earth and hard working Jack's pretty preoccupied with work, and is perhaps even tending towards being a workaholic, as he runs a side business as well as working his parents farm He is still recovering from a past relationship that saw him deeply hurt Yet the two manage to overcome their fears, finding healing in their relationships with God, and then with each other. Narelle Atkin's debut novel Falling for the Farmer is a fun, relaxing read The story focuses on the budding relationship between Kate and Jack Kate is a runaway bride and Jack is there to help her escape But can Kate shake off her past to make room for a future with Jack who lives a completely different lifestyle than she's been used to This book is great for anyone who wants a quick, light read with plenty of heart. We're thrown thick into the action of this story from the

The Ordinary Princess

start Kate Lawson is a runaway bride who dashes out of church and orders Jack Bradley, the driver of the bridal car, to take her far away Jack is the brother of Kate s best friend and she ends up working on his farm for a time, while she tries to figure out what to do Kate s relationship with her mother, already strained, now seems irreparable Although Jack is willing to help, there are rumours that he is nursing a broken heart of his own A long term relationship with his sweetheart, Amy, ended when she married another man So he can t help being wary of Kate How long can such a cosmopolitan type of girl want to spend on his farm And why did she find herself in the position of having to flee her own wedding anyway He can t bring himself to condone that.As the readers know Kate to be level headed with good reasons for everything she does, we re curious to find out why she objected to marriage to the wealthy Rodney.A lighthearted story which is easy to read.I received a copy from the author in return for an honest review. When I read this book the pressures of life were upon me Busy at work little people back to school no time to get anything done At night I just wanted to relax and chill out And, let me tell you this was the PERFECT book to help me do that It was an easy, light romance, and exactly what I needed to de stress Not that it s lacking in story line, quite the opposite, these characters had me wondering about their lives, choices and future right from the beginning I enjoyed it cover to cover.
