Title DARK TIDE Author Susan Sleeman Publisher Love Inspired Suspense March 2014 ISBN 978 0373445882 Genre Romantic suspense MISSION PROTECT BABY Gina Evans knows her brother was murdered even if the police won't believe her After catching a quick glimpse of the evidence her brother had gathered, the same criminals are after her and her baby niece And Gina's only hope is the man she left behind Despite the painful memories, private investigator Derrick Justice won't fail Gina and her baby Yet now, the woman he never stopped loving and the baby he's come to adore are in a killer's crosshairs But can Derrick trap the cold blooded murderer before he strikes again The Justice Agency Family and law enforcement go hand in hand DARK TIDE is the fifth book in Ms Sleeman's The Justice Agency series It does stand alone, but readers and fans of Ms Sleeman's books will want to read the entire series I enjoyed getting to know Derrick better He is a sweetheart, kind and considerate, and quick to think on his feet I didn't like Gina at first, but as she shared information about herself and her past I started to like her I decided that heroine's in these books have to be a special breed because I would be dead the first time the bad guy tries to kill me But they seem to survive multiple attacks Really impressive I enjoyed reading DARK TIDE and finding out about Derrick and what information Gina's deceased brother was hiding I especially wondered how they'd solve it and prove the guy guilty especially since she gave him everything he asked for in the first attack A must keep reading book that kept me on the edge of my seat 5.99 224 pages THE JUSTICE

Action packed from page one pulling you into the story along with characters you really care about make this book a winner Review on on my blog 12 27 Tide was a suspenseful read that held my attention I loved the characters so much Derrick and his siblings had such great camaraderie and there were several times they had me chuckling because of their ribbing I also thought the way Derrick and Sophie, Gina s niece, got along was so cute The mystery was really good and I had no idea who the guilty party was, but I had a fun time guessing The story was believable, for the most part, which I liked a lot. All in all, I really enjoyed reading Dark Tide and recommend it if you like romantic suspense books Disclosure of Material Connection I received one or of the products or services mentioned above for free in the hope that I would mention review it on my blog I was not required to give a positive review, only my honest opinion which I ve done All thoughts

him before and fear she will do the same thing again If I was ever in a life threatening situation, I would want a group like the Justice Agency on my side Each one seems to have a special set of skills that complements those of everyone else The life lessons about who and what we allow to control our lives are lessons worth learning. This is book five in the Justice Agency series, even though it is a stand alone book, the entire series is a great read and will give you history on the Justice family. Sleeman is an excellent suspense writer Her stories are always well written and would make great movies Her characters are well thought out and usually have issues they are dealing with, which make them seem real. This book focuses on Derrick Justice, he is the last single family member of the Justice family When he is forced to help the only true love he has ever known and overcome his personal issues with commitment Will he be able to resolve his issues, solve the mystery all before it is to late Gina Evans had no where else to turn, she doe not really want to rely on Derrick but feels she has no other option This novel is full of suspense, mystery, family and of course romance Once again if you like FBI PI type romance books you will love this one. I ve said it before and I ll say it again, Susan Sleeman is the queen of inspirational suspense She always hits the ground running and continually ratchets up the suspense and intrigue with each chapter I love her books I discovered her after she d already had many books out, so I m backtracking This one is the last in her 5 books Justice Agency series The last Justice sibling, Derrick, gets his turn with this one We see all the others again, too, which is awesome I love this family I hated to say goodbye to them, but the ending scene of Dark Tide was just so precious Please read this series You will not be disappointed I was given a complimentary copy of this book My opinions are my own and honest. The final Justice sibling gets his story Derrick Justice gets a blast from his past when his ex girlfriend calls him in desperate need of help Someone is trying to kill her and no matter the past he sets out immediately to rescue her and little Sophie Gina Evans can t believe what is happening to her A man is trying to kill her and has killed her friend right in front of her, her brother had been murdered, and her sister in law from a car crash Now she s going to have to call the man she walked out on and hope he ll help her in time. Lots of action

in Dark Tide and I enjoyed it allot
