BRAIN HUMOR REGIONHahaha What delightful snippets  
Dinosaur cops, TV s FRIENDS, doodles Delightful  
MEMORYOk, dinosaurs Ha Beat Uh, another mention of boobs  
Really EVALUATION CENTERSurprised there haven t been  
dinosaurs with boobs.HUMOR REGIONHaha That would have  
been funny.EVALUATION CENTEROr at least a  
development.MEMORYYup beat And now boobs Brain  
hunkers down and reads on for the rest of the 181 pages This  
exchange basically repeats as does the repetition of similar  
jokes, some delightful and some just meh.Fade out. You can  
read all my reviews early by following my blog.Man, that was a  
long synopsis.This book is pretty fun In essence, it s a series of  
parody satire screenplay snippets designed to poke fun at  
tropes, cliches, and bad writing The sort of thing that it mocks  
is the sort of the thing that you ll recognise if you ve, you know,  
ever seen a movie in your life Which is where the appreciation  
comes from, I guess.You don t need to be a writer to enjoy this  
book If you re a movie lover at all I think you ll get enjoyment  
out of it too Like I said, you ll definitely be able to recognise the  
tropes that Neill points out.That s not to say that every joke is a  
winner Plenty of the jokes in here are pretty funny Plenty fall  
completely flat There are multiple dinosaur jokes Or, you know,  
the same dinosaur joke multiple times And yes, it s the one in  
the title And I m sorry, but there does come a point when I  
reach my boob joke limit Maybe it s because I have boobs, but  
I don t find endless boob jokes all that funny.But hey, go check  
this book out if you re at all interested If you write or love  
movies it has its value But I hope you like boob jokes, is all I m  
saying.Hey, wait Did I make it through a whole admittedly short  
review without being sarcastic How novel.Oh wait Damn. An  
interesting book full of example on how NOT write a  
screenplay, including hilarious takes on known franchises and  
TV shows.
