The newest book in The Pack series intrigues and fascinates with a new twist in the werewolf lineage and a story that captures the heart I fell in love with this series with the very first book with every book in this series being an adventure and this one was no exception, I was totally engrossed in the book from the very beginning and I couldn't put it down The author keeps surprising me with twists and unexpected elements that I certainly don't anticipate The suspense always manages send shivers up my spine and the characters never fail to draw me deeper into their stories and always make me feel as if I am part of this world.4 1 2 STARS See my full review at Night Owl Reviews.com Setting Seattle brother's house, with her room for solitude in her memories, Sanctuary, the commune where she was imprisoned in a basement cell Wolf Hollow Motor Court Resort family cabin campground in Leaning Tree, New York Catskill mountains Characters Lily Gideon father crazy, and when found she was were, made her think twin was dead, and kept her in Sanctuary where he taught her the wolf part of her was demonic, where he experimented on her not quite sure why, where she learned to subdue her nature, especially the wolf once, when drugged, and wolf emerged, 3 scientists dead but the we thought dad orchestrated it to control her further 6 months earlier, rescued by her brother and the Society of Pack Protectors and she is slowly recovering in her brother's home Kane McGraw of the Society of Pack Protectors like volunteer firemen have their own jobs, but step up when there is a need he was in on the rescue of Lily and the capture of the Sanctuary crazies, and he hasn't been able to forget her

gets herself free just as Kane as tracked her to the building they have her in ahhh And they get to live happily ever after Memorable scenes Fighting an overwhelming urge to flee, Lilly forced herself to stay put, legs rooted in place She thought of what the doctors had called the Siren, and realized, yes, they succeeded At least in that Or did they When A Werewolf And The Beautiful Siren He Once Saved Meet Again, Resistance Is Futile As Pack Protector, Kane McGraw Never Gets Involved With The Victims He Saves But Lilly Gideon May Be The One Exception She Has Intrigued Him Ever Since He Helped Free Her From A Religious Compound Called Sanctuary So When He Learns That She S Still In Danger, He Can T Stay Away Not Even If It Means Exposing Lilly To The Fanatics She S Trying To Escape Years Of Psychological Torture Have Left Lilly Without The Ability To Control Her Shifter Nature Any Man She Touches Is Driven Mad By An All Consuming Desire Though She Wants Kane Than Any Man, She S Forced To Deny Him The Release They Most Crave That Is, Until He Decides It S Time To Take Matters And Her Into His Own Hands I really did enjoy both of these books put into 1 The first book, The Wolf Siren by Karen Whiddon is good It took me a little while to really get into it It was slow plodding at times Once I got into it , it really took off This is about Pack Protector Kane McGraw and Lilly Gideon Lilly was in a commune with a religious group run by her father They kept her under lock and key and Kane and his pack saved her They are very suspicious of each other and rightly so They have found out that the commune is out to find her and bring her back Lilly is a wolf Siren and can do a lot of damage with it and is hiding it from Kane and the pack Kane has to do a lot of talking to get her to admit she has the siren voice and it won t hurt anyone if they mate The fireworks go off from there Recommend The 2nd book Demon Wolf by Bonnie Vanak This book was truly very, very, good Dale Curtis is a Navy Seal Commander and has been held by demons and tortured until saved by his pack What they did do to him was put a block on his memories so he doesn t realize that the black she wolf who tortured him was Keira Solomon Keira finally escapes the demons, who had been controlling her wolf to torture men, especially Dale She goes to Dale to atone for what she has done but he is not having any of it as he is still so down and out and hardly is

himself Boy, the fireworks explode in this book Had a hard time putting it down Lots of emotional roller coaster in this book, great plot and some betrayal also Highly recommend. Although This is book Number 15 in a series, I have only ever read a few of the previous books The Wolf Siren picks up after Lilly Gideon is saved from her deranged father and cult leader that held her captive for years and studied and tortured her.Lilly is broken, currently living with her brother and his new bride, Lilly is terrified of everything and when her brother finds out that the surviving members of the cult is trying to kill Lilly he contacts Pack protector and friend Kane to guard her Kane decides that it is not safe for her with her brother and convinces everyone to let him take her away so he can protect her and hide her better.Lilly is a beautiful and realistic character she melts your heart with her softness and you just want to cuddle her and tell her to be strong, after years of abuse she is once again in the hands of a stranger, but after time Kane breaks down Lilly s barriers and starts to help her put herself back together.I love how this book is a sweet romance but also manages to be an action packed story as well that manages to keep you on the edge of your seat.I have had no trouble reading these books in my own order as I find them, so it is possible to start reading from this book, you still can easily put together the overall story line with the book being mostly concerned with the new characters of Kane and Lilly.I highly recommend to anyone who enjoys shifter stories and eventually I am hoping to get my hands on all the previous books so I can catch up. Paranormal romance between a wolf siren and her werewolf protector.Heroine Lilly was held in captivity for 15 years by an evil cult led by her stepfather She was rescued by a group of pack protectors headed by the hero Kane Slowly she s recovering with the help of her brother and his mate, but Kane comes back into her life when it turns out three cultists who escaped are back and want to capture Lilly again.Wasn t too keen on this one Lilly is a very broken heroine, she s neurotic and paranoid with good reason, but I prefer kick ass confident heroines, not ones that cower in the corner when someone comes to the door I also didn t agree that true love was what she needed I think she needed to stand on her own two feet a bit first She goes straight from the protection of her brother to relying on Kane.Kane isn t a bad hero, but he isn t that

interesting. The story isn't particularly well written and the characters seem to be showering ALL the time. Kane takes Lilly away to his family and they stay in a series of motels and we get the ritual of them waking up or going to bed, taking it in turns to shower and brush their teeth fine but as a reader I don't need to be told they do this over and over. The other issue I had is with Lilly's virginity or not. Half way through the book we're told explicitly Lilly is a virgin. Fine she's been in captivity since she was 15. She thinks she must be the only 30 year old virgin alive. However later in the book we're told she's been raped repeatedly, as the people experimenting on her wanted to breed her. I'd hazard a guess and say the author changed her mind part way through writing but it's confusing for the reader. I also didn't like the concept of a wolf siren or think that it was sufficiently explained or explored. The romance itself isn't bad, and is plausible enough. I've read MUCH worse but I felt the story was rushed and I wasn't over keen on the characters or the story. I received a copy of this book in exchange for an honest review. Wow something about the combination of a broken but tough woman and her patient but very alpha protector really had me falling in love with this book. I've not read any of the other stories in *The Pack* but I had absolutely zero trouble catching up with the plot. I highly recommend this as a great standalone read with action, romance, and some paranormal goodies thrown in along the way. Lilly is a very damaged wolf shifter. After a bunch of years of torture from a crazy cult, she was finally rescued with the help of Kane, a Pack Protector. Kane knew the moment he laid eyes on Lilly that she was his mate. Drawn to her and willing to do just about anything to keep her safe, he jumps at the chance to take her away from trouble and into seclusion with his boisterous family. Lilly, while scarred and scared, turns out to be a tough chick. Kane is also not your typical alpha male protector. Instead, he's lovable, understanding and kind, making sure not to rush Lilly, almost to his detriment. The love story wasn't rushed, even though it was about mates and destiny. They genuinely grew to know one another before diving into a relationship. I would love to see of their story and wish we had some epilogue thrown in to make the HEA even better. Great read. Review featured on www.books_n_kisses.com. 3.5 Hearts. So I am on the fence about this one but will give it a boost to the better side because

it is different than shape shifter books I have read before I enjoyed the book in general It was interesting and had a storyline I enjoyed This is part of a series which I didn't realize, actually it is 15th in the series, and while it sorta could stand alone there was no question that there was a storyline prior to this book that was missed The problem was there were some inconsistencies throughout the book A bit too much jumping around like the author forgot to say something in the last chapter so let's throw it in this chapter Kane is a sweet guy I mean really sweet Almost too sweet He is so afraid of hurting Lilly that he never takes a chance on anything And as a bodyguard he sucks I mean he leaves Lilly alone over and over and for a wolf he kinda sucks too I mean he can't even smell that it is his brother walking to his door he has to look out the window Lilly comes into her own and I loved that part She started out like a beaten dog than a wolf but really becomes the she wolf we know she can be. Like I said I am on the fence but I liked it Disclaimer I received a complimentary copy of the book in exchange for an honest review. Originally Reviewed For Tea and BookEver think what would happen if you were a shifter and the normal people found out You would be studied And if heaven forbid the fanatic found you Yeah torture, complete and total torture In Karen Whiddon's The Wolf Siren we see first hand the damage such behavior can cause and get to watch one woman's emergence from evil Lilly Gideon was born a wolf shifter but raised by a fanatical step father who was sure she had a demon inside Captured and contained at 15, for 15 years she was tortured Tests were run, procedures were made Each one was designed to destroy the wolf and in the end destroy Lilly Now she is free but still barely holding on A wolf shifter afraid of her wolf Sure she has been damaged beyond repair And yet she is a survivor Lilly is stronger than even she can imagine Life with her twin is slowly unfolding but it seems the remnants of the group that held her captive want her back And her only choice is to rely on pack..Kane McGraw is the Pack Protector Having lead a perfectly normal shifter life and now protects all wolves, life is pretty darn good But when he hears that Lilly, the one wolf he can't get out of his mind, is still being targeted he once again steps up Only this time it's personal This story is beautiful If only because it shares a story of a survivor as she learns to not only trust in others, but to

trust in herself No longer a victim but a woman of power That Kane cares enough to teach her to shift, to believe in herself and even to protect herself shows a true beauty I really enjoyed this book Thank you Ms Whiddon for reminding us that survivors have amazing strength.

Shauni This review is based on the ARC of The Wolf Siren, provided by netgalley and is scheduled to be released on April 1, 2014 Title The Wolf Siren The Pack Book 15 Author Karen Whiddon Publisher Harlequin Nocturne Published 4 1 2014 Pages 301 Genre Mystery, Thrillers Suspense Sub Genre Paranormal Werewolves Shifters Contemporary Romance ISBN 9780373885930 ASIN B00FTQYQ90 Reviewed For NetGalley and Harlequin Reviewer DelAnne Rating 4.25 Starts When a werewolf and the beautiful siren he once saved meet again, resistance is futile As Pack Protector, Kane McGraw never gets involved with the victims he saves But Lilly Gideon may be the one exception She has intrigued him ever since he helped free her from a religious compound called Sanctuary So when he learns that she s still in danger, he can t stay away not even if it means exposing Lilly to the fanatics she s trying to escape Years of psychological torture have left Lilly without the ability to control her shifter nature Any man she touches is driven mad by an all consuming desire Though she wants Kane than any man, she s forced to deny him the release they most crave That is, until he decides it s time to take matters and her into his own hands.

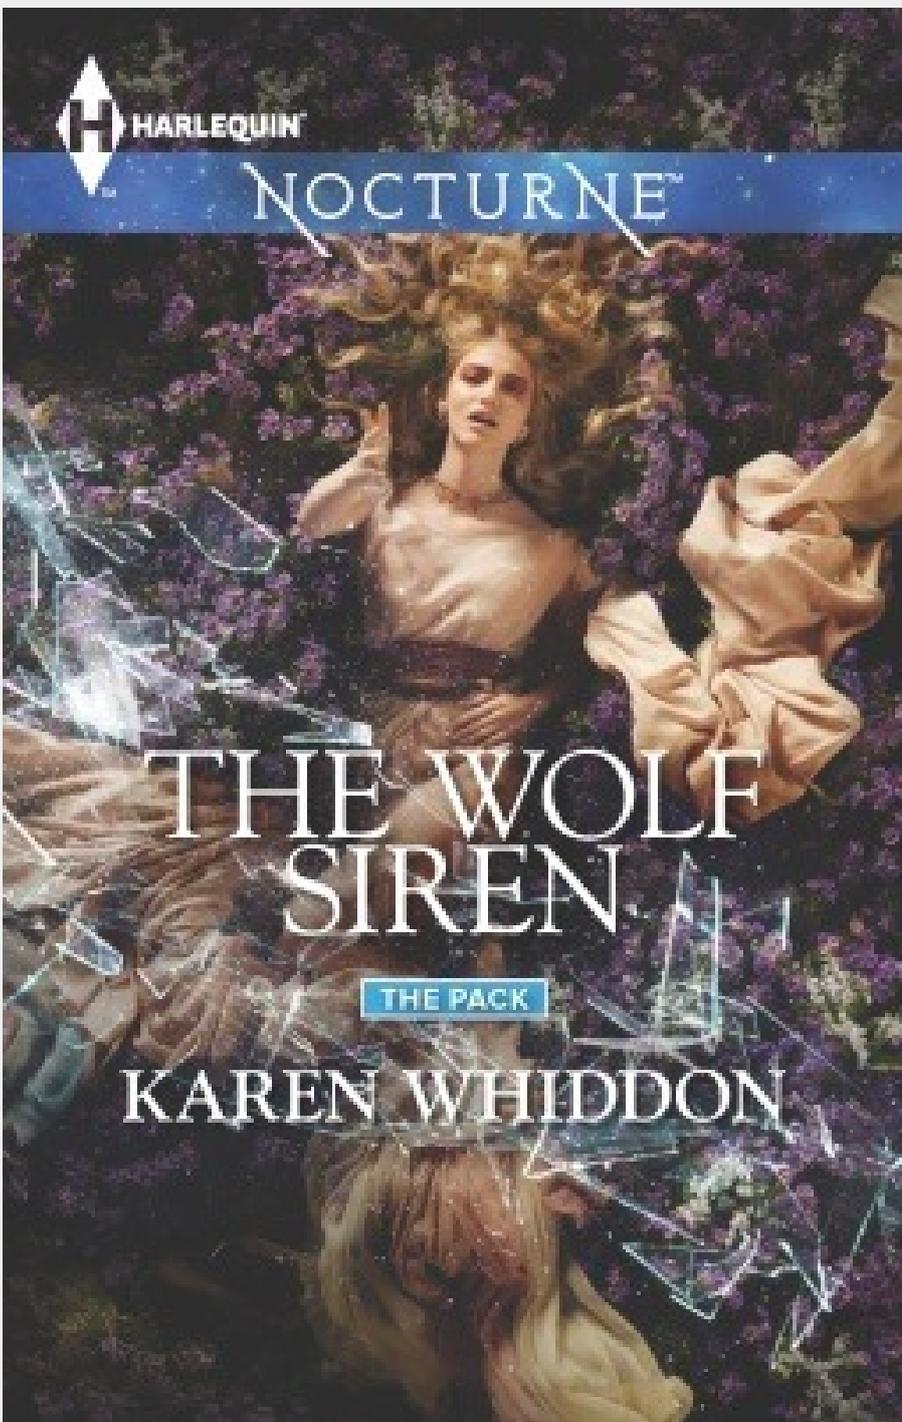

Amy Kane are two wolves who met under extreme circumstances Kane falls back on his enforcer persona Amy is trying to overcome her trauma and time in captivity There mutual attraction overrides everything Their fighting to survive and work towards a future together shows their strengths and determination to do what is the best for the other A compelling plot and vividly written scenes draw the readers into the story and holds them till the very in.

My rating of The Wolf Siren is 4.25 out of 5 stars [Link](#) [Link](#) [Link](#) [Reading Room](#) [Link](#) [Link](#)
