was a good book but it made me a little frustrated with how they kept pushing each other away not opening up talking the truth of their feelings just guessing how the other felt I did enjoy Angelica s fight for her company against the stuffy VP s I also thought the part when they were helping fight against the flood, I thought it would move them together faster, but For a long part of this book I actually kept thinking they aren t going to end up together at the end This series was well written I enjoyed it a lot I would like to know what happened between Deke Tiffany, I wonder if there will be a book about them It would be nice. These kinds of books make me want the throw up If you like them i apologize but they re just so awful.This book reminded me a lot of the movie The Proposal, staging a fake wedding but in the end actually falling in love and having a real wedding with real feelings This story takes place in Santa Monica California and the main characters are Evan McCain and Angelica Lassiter Angelica s family owns a big media company but in her fathers will he states that she will be on top and fires her ex fianc as CEO They then must pretend to be a couple to make their friends wedding work Evan soon begins to like this idea and the kisses aren t fake any The real question is can he keep it together and trust her enough again for her to become is bride These books are dumb I don t enjoy the idea of reading soft porn every 5 pages in a book It s okay you want to have sex but i don t need to know every single detail about you making love , I don t care, I just don t The general story line was okay but very redundant The ending is very for

seeable based on the title Very uncreative and annoying  
HUGE SPOILER IN THE TITLE I never would have dreamed  
of reading this book on my own Reading it was such a struggle  
and very boring I would never read anything like this again.The  
end of the book really killed me I saw it coming from a million  
miles away OBVIOUSLY YOU RE IN LOVE AND GOING TO  
GET MARRIED no secrets there This book makes total sense  
of the sappy stereotype of a fake love story. I like a good  
reunion story, but I feel like Angie and Evan had gone too far  
down a path to really forgive, forget, and move on A little  
hashing out what happened to them would have been better,  
but really I read how many books to find out the secret of the  
will and it s a shame JD died because I would have liked the  
characters to be able to give him grief for what he did Overall,  
not satisfied with the ending of this series and really didn t  
believe in the HEA. Loved this story Both Evan and Angie were  
too hurt and stubborn for their own good Thank goodness they  
realized it before they were lost to each other forever Best  
book in the series Good way to end the series JD did know  
what he was doing in the end He lived his family and did know  
his children better than they knew each other.Trust is so  
important If people talked and trusted that those who loved  
them would understand, life would prevent a lot of sorrow and  
broken hearts Honest truly is the best policy. Wedding Bells

their friends wedding. Lame storyline plus Evan is way too ready to tell Angelica how to run the business even when his opinion was not requested. Angelica just says I'm sorry, you were right. Not very realistic.

D2324 Sep14 Dynasties The Lassiters 6 Angelica Lassiter has fought her father's will, which put her fiancé Evan McCain in as CEO of Lassiter Media. This book brings the result that Evan is out, after Angelica gives up her fight for the company for the happiness of her family. The twist now is Angelica and Evan are forced to work together as maid of honor and best man for friends. Great character development combined with the right amount of emotional conflict make this story a stand out. Loads of passion, interesting secondary characters and a dramatic flood scene make this reunion worth the wait.

RT Book Reviews, 4.1/2 stars.

Miniseries Dynasties The Lassiters Really good story, but I felt the issues between Evan and Angelica were not completely resolved. I did enjoy it, but I thought Evan deserved a proper apology from Angelica and he never really got it so although I was happy with their HEA I wasn't completely satisfied.
