

?Read? ➡️ Carrying the Lost Heir's Child ↗️ Author Jules Bennett – Soccerjerseys-wholesale.co

Posted on 15 May 2018 By Jules Bennett

When I first met Nash in Single Man Meets Single Mom I thought he was, well, a little creepy I kept waiting for him to jump off the page at me He jumped off the page alrightin Carrying the Lost Heir s Child and he certainly wasn t who I thought he was And he wasn t who actress Lily Beaumont thought he was either She thought she was having a quiet affair with the stable hand, but what she ended up with surprised her and the entire Barrington family Lily found herself in love, pregnant, and wading through the secrets of Nash James Could this love survive all the lies Nash didn t plan on falling in love with the beautiful actress He had come to the Barrington Farm with a very specific agendato meet the father he never knew, family patriarch Damon Barrington You know, you ve met him in the previous Barrington Series books Nash wasn t exactly upfront about his identity as a wealthy man in his own right, and he was getting deeper and deeper in his cover up to learn about his sisters and father And there was the little plan to add the much coveted Barrington horse to his stables When he finds himself in love, an expectant father, and being welcomed into this new familywell, Nash doesn t know how to come clean without jeopardizing the love of his life and the family he never knew he wanted Somehow, the reason that brought him here no longer mattered.As always, Jules Bennett writes about believable characters you get to know so well you dread the last page when you have to say goodbye This book is set for release January 1st I encourage you to curl up with a cup of hot chocolate and enjoy your visit to the Barrington

RECENT POST

A Short History of Nearly

Farm I did. For me Nash and Lily were the culmination of a wonderful series Their story had me intrigued from page one There were secrets and babies and horses and secrets all woven into a wonderful story Jules Bennett give us such a heartwarming yet heartbreaking story at the same time The Passion and love story of Nash and Lily was what great romance books are all about And the end I never saw it coming She made grab for my Kleenex, it was such a fantastic way to put the finishing touches to the end of this series But she made me want The heart of a good writer Bravo Jules, Bravo Carrying the Lost Heir s Child by Jules Bennett is the final book in The Barrington Trilogy and can be easily read as a standalone. This was a well written romance with a adorable epilogue which wrapped up the the whole series quite nicely Nash is a man with secrets and I liked how well he took the news of Lily s impending pregnancy He was responsible and faced the consequences of his actions head on and this is what I liked about him Lily is a strong, independent heroine who does not like secrets and rightly so Nash needed her strength to face the things he had set in motion and I loved how she stood by him throughout They were rightly matched and their chemistry was incredible because it went beyond the physical. The romance was passionate with some really good moments which were definitely swoon worthy My only complaint was the lack of drama in response to Nash s secrets till he revealed his last and biggest secret That s my personal opinion of course because I want tons of irrational drama but if you want a smooth flowing romance with the right pace, then you will love this one Overall, Carrying the Lost Heir s Child by Jules Bennett is a fitting end to a wonderful trilogy and I wish there were Barringtons in the author s kitty. Read More This book was part of the, The Barrington Trilogy But I enjoyed reading it as a standalone I didn t know it was part of a series until after I had finished reading it I never felt lost, or anything. I found this book to be emotional, and sweet It had secrets, lies, and deception I found in this story the lies and deception was for a good reason, and all the pieces fell into place by the end of the book Lily is on set, filming a movie She falls for Nash a handsome groomsman The two share a steamy affair, that involves making out in barns, and rolling around in the hay The affair was never suppose to be forever That all changed when

Lily found out she was pregnant The feelings the two shared between one another grew I loved how attentive, and caring Nash was when it came to Lily The deception involved the story around his family He has just found out who his dad was Nash didn t want to tell his dad who he was just yet Instead, he got a job working for him This really was a emotional and touching story I loved how the family welcomed Nash, the son, and brother they never knew about. Let me first just say, Nash yum This is a cute story and enjoyable read The plot is engaging, and the characters are easy to like and relate to Lily is a movie star, shooting a film on a historic estate, known for its horse stock While on location, she starts a secret affair with Nash, one of the grooms It s nothing but fire and passion, and not a whole lot of talking or getting to know each other However, when Lily ends up pregnant, they are forced to re evaluate the future Lily seems to be a lot open to exploring a relationship than Nash Nash fights it a little harder against the idea, mostly due to the fact that he is harboring a huge secret about his true identity On top of his unease at having this secret, he seems to be conflicted about whether or not he s even interested in a future relationship with Lily Despite that, he is determined to be a large and permanent structure in his child s life The way he seems so oblivious to the fact that he and Lily could build upon their physical relationship did get on my nerves I would have liked to see him come around to that conclusion a little quicker Not necessarily to recognize that he loves her, but to at least see the fact that they are compatible and could build a future together Lily is pretty open to the idea and see s fairly quickly that there could be something between herself and Nash However, she picks up on his reluctance and confusion and that holds her back Not to mention the fact that she was severely burned by an incident in her past She s a really sweet woman and has a great capacity for love and compassion for others She s down to earth for a movie star and easy for the reader to like.I enjoyed this book a lot, however, my one issue was that at times, it was a little too clich Lily is the perfect woman A movie star who doesn t care about money, fashion, or makeup She s understanding, always willing to help, open minded, loving, dedicated, etc etc etc Her perfection made her a little unbelievable at times However, it didn t keep me from liking the book Jules wrote and fun and

light read Definitely a story to make you feel good and smile I cared for this book less than the other two It was pretty fair but certainly didn't wow me I feel the way the hero spied on his family and lied about who he was could have been handled in a mature manner. Posted on What I'm Reading We have finally come to the conclusion of the Barrington Trilogy It has been enjoyable from the first book, but now we have to come to find out who Nash When I started the trilogy the first thing that popped in my mind when I was reading When Opposites Attract watch Nash be related to the Barringtons The next thought was he's probably the secret love child of Damon and the housekeeper Okay, I was way off on that one, but he's related to Damon Anyway, Nash has been plotting to see if he could get a horse from Damon He's been trying to get this horse for sometime, but under a different name Damon and Nash have been rivals for sometime, but didn't know they were related Isn't that a kicker Everything is going according to plan until Lily drops the pregnancy bombshell, and Nash slowly develops a conscience Okay, I wasn't expecting to get emotionally involved with Carrying the Lost Heir's Child At first, you see Nash trying to figure out to keep everything together without revealing too much He wasn't expecting to fall hard for Lily, so the lying to her has been eating at him for good reason too Lily enter the affair with Nash for fun and never expected to lose her heart to him Plus, she doesn't know all the secrets he's keeping One of the complications they run into is she's not impressed with rich powerful men and liars Yeah, complication So, it was neat to see these characters draw closer to one another, then falling apart all at once Overall, I enjoyed Carrying the Lost Heir's Child, because it brings a family closer to one another It brings bitter rivals to working together Last but not least, it brings two people together to find a happiness they might have missed Plus, a nice conclusion to the trilogy Copy provided by author. Nash is a young man who has come to work on the Barrington's ranch as a groom The Barringtons are a very well known horse racing family and done very well with their legacy They have done so well that the movie industry is making a movie of their lives Lily is a young actor who is cast as the role of Rose, mom Barrington Lily never expected to fall in love with and have an affair with the groom on the ranch Nash has swept Lily off of her feet and he also never

expected to fall in love while working for the Barringtons because he had a hidden agenda Nash is at the ranch for other reasons besides just work but no one has figured out who he really is Nash and Lily have their affair and before you know it, Lily comes up pregnant Neither one of them had thought about a long term relationship because they both figured that once the movie wrapped up, they would go back to their lives and just count what they had been doing as an affair Well, with a baby in the picture it changes the game The back and forth of both of the characters in this book has you hanging on the edge to know what is going to happen between these two Nash and Lily have a lot of self discoveries and coming out with the truth that ends up bringing them closer together Nash and Lily end up going through some of the same emotions in a relationship that we all have experienced at some point I am sure. This story has a HEA and I am so glad that it does I love the Barrington Family and have enjoyed this series so much Thanks Jules for giving us another great read and I look forward to what you have in store for us as your readers Lily and Nash have been carrying on a secret affair Lily has been starring in a movie on the estate that's owned by the man they are filming about If you have read the previous 2 books in this series you are familiar with all that but for this story we focus on one of the stars and a seeming great guy who just happens to be a stable hand Except he is not just a great guy and a stable hand Nash James is not who he says he is He's got other reasons for being there Already fighting his feelings for Lily then then the one thing that comes out of her mouth that changes everything I'm pregnant Now he has to figure out how to keep her and keep his secrets Oh my gosh This is my fav of the three books You can tell Nash who isn't really Nash is stuck He wants to do the right thing but so much is going on in his head he can't quite sort through everything fast enough to keep up with what's happening in his life It's not just Lily and the baby but the whole family there he has come to admire and maybe love He's nursed his hard feeling long enough that it's hard to give that up and see what he might be losing if he doesn't Great emotion great characters in this fast but thoroughly full story If you like to be able to get your reading done in one evening and still get story enjoyment this one is for you I M Pregnant Two Words That Will Rock One Man S World

Forever On Location For A Film About A Horse Racing Dynasty, Lily Beaumont Is Drawn Into A Sizzling Affair With Sexy Stablehand Nash James Now She Has To Trust Him With The Truth About Their Baby Even Though The Undercover Millionaire Is On A Mission Against His Hated Rival, He Won T Walk Away From Lily Or Their Unborn Child It Will Mean Coming Clean About His True Identity And The Decades Old Secret That Brought Him To Kentucky Horse Country But Will The Truth Cost Him The Woman And Family He Now Craves
