

## ?Reading? > My Deadly Obsession Author Matt Shaw – Soccerjerseys-wholesale.co

Posted on 02 May 2017 By Matt Shaw

My Deadly Obsession is a short story by Matt Shaw It outlines the dangers in the media coverage that celebrities now receive and one man s struggle with an Obsession this media coverage is feeding.I would be lying if I said I wasn t a little disappointed in this book, there are a few reasons for this but the main thing for me is that I was expecting something just a little gritty and unnerving I expected this one to be a bit stronger than it is, but that s just me I guess I just didn t feel like anything really happened in it.I can t really talk about the rest of the book without ruining it for any who want to read it, but I can say this, personally I felt that the end of the story was a bit of a let down I d be interested to see what other people s reaction to it is though and whether it s just me.All in all it s a simple, short story which will help you pass some time on I m happy I read it because I ve been meaning to try out some of Mr Shaw s work for a while.I ll be reading of his books because I want to see what I ve heard about and see just how gritty it gets. She Does Not Know Who I Am Yet That Is Fine A Lady In Her Position, Riding High With Her Music Career, Would Have No Reason To Know Me Not Yet At Least That Is All To Change Though I Will Edge My Way Into Her Life, I Will Make Her Realise That I Am The One She Is Supposed To Be With I Can Picture It Now, She Will See My Videos Dedicated To Her On My YouTube Channel And She Will Drop Every Thing To Come For Me We Will Be The Perfect Couple Far Better Than Her Current Boyfriend The Abusive Imbecile Failing In His Own Music Career If You Can Call It That Someone Needs To Do Something About Him Before He Further Tarnishes The

Reputation And Career Of My Love, My Sindy Cole This Is A Short Story From The Twisted Mind Of Matt Shaw Sick B Stars, Porn, Rotting Dead F Cks, Tortured Not my favorite Matt Shaw I am rating him against himself He does do fucking crazy perfectly The realistic version yet still crazy A mostly sane reader who has ever been obsessed but eventually snapped out of it will both relate to the narrator and be mortified by how effed up he is and the fact that once upon a time, you may have been a visitor at the same camp crazy as him Errr, at least that's how I felt Fret not I'm better now. You know what This was very good Better than I was expecting given the book cover I know, don't judge a book by its cover In fact it's a shame this was not just a short story but a full length read The theme is pretty current actually An obsessed fan who is deluded and uses YouTube to voice his devotion It all came across as realistic to me and it would not surprise me if I searched on YouTube I would be able to find similar such fans voicing their opinions on someone or other These type of underdog characters the author writes extremely well Recommended if you like the Peter Chronicles. Review to follow, 3.5 stars Creepy certainly sums this up Time and time again, Matt Shaw manages to amaze me I've mentioned countless times that he's diverse and willing to push boundaries He's also willing to tread into unfamiliar territory and produce something different which is what he does with My Deadly Obsession There's no violence, no blood In fact, the worst you'll get in this story is some seriously naughty language This is a story about one man's view on a particularly relevant subject in modern culture and Shaw nails it If you live on Twitter, turn away now if you have time to pull yourself away from your tweets. Twitter and Facebook, damn you be Well, if this story is anything to go by We've all seen the people who take social media way too seriously, the person who stalks their favourite band or singer or celebrity My Deadly Obsession takes it one step further, producing an insightful, scary and sometimes realistic view of one man obsessed with a pop star His obsession is so deluded he starts posting videos on YouTube declaring his love for the woman When her rap star boyfriend beats her up, he makes it his mission to split them up and have her for himself And he'll do anything to make it happen. Now, in modern society, this sounds like your everyday

news story Whether or not Shaw saw this and thought, I have to write this I think he did, the guy s clever he s produced a streamlined, accurate account of one person s obsession At times, painful, embarrassing, psychological and, yes, humorous, MDO rings too true in a world dominated by social media, a gateway to people s private lives that were once that private You cringe when the character visits the home of his obsession and is turned awaythese days, you can see it happeningliterally thanks to a tweet or a like Access is everything nowadays much to the behest of the victim and in this story, Shaw highlights just how crazy and hazardous it can be 5 Ingenious And realistic Whether it s the domestic abuse much like Chris Brown and Rihanna , the fans changing their appearance to appeal to their chosen obsession or just one person going ape shit over the smallest thing like a You Tube review or a mis interpreted tweetMy Deadly Obsession is a character study on how social media and access to the ones you admire can ruin lives This may not be your usual Shaw fare, but it deserves to be read Authors with this type of flexibility are rare and Shaw proves once again that, without the gore or offensive material, he can still write riveting material and realistic characters After all, this is what we want from our authors even if some of us don t stalk them on Facebook Essential First of all his is not your typical Matt Shaw story This isn t horror It s not gory It is a very real story It s about stalking and obsession Nowadays we are so flooded with so many images and so much information about celebrities that we feel like we know them The boy in this story just wants so badly to feel loved Even his parents don t seem to care I couldn t help but feel sad for him It was a great, short read.
