

[Ebook] ⇨ **Second Chance Friends By Jennifer Scott – Soccerjerseys-wholesale.co**

Posted on 02 February 2019 By Jennifer Scott

Second Chance Friends was a little hard for me in parts due to the subject matter Thankfully the accident in the book is in the beginning and while it is the glue of the book it is not the soul The soul of the book is what I appreciated and that was the friendships that came out of nowhere A wise person once said my son , that people come into our lives for a reason Those who do not get you will drift away and that is ok because better people will come into your life who will genuinely love you This is what makes Second Chance Friends a good read The friendships that come out of tragedy Seeing what is real and what is important and as you will see in this book as I see in my own life , sometimes we grab onto the wrong thing and put all of our time and energies into trying to make that work when what we are doing is wasting our time on something that will never work.A good read on friendship and life choices I found this book to be another good read from Jennifer Scott, an author I will be watching.For my full review On an early September morning four women witness or are part of a terrible traffic accident That experience brings together the women whose paths otherwise would not have crossed.Each woman is living her own personal drama that is close to boiling over When they are drawn back to the diner near the scene of the crash they form an unusual friendship that will become stronger with each meeting Each will feel support from the others and ultimately learn the meaning of true friendship.I enjoyed Jennifer Scott s story even when I was frustrated with one or two of the characters actions Each time that happened Scott managed to bring me back to the supportive friends

theme which I really liked I appreciated the epilogue that answered all of my questions and wrapped the novel up perfectly Recommended to fans of the author and novels about women s friendship 3.5 stars I received a review copy in exchange for my opinion. I won this book thru a Goodreads Giveaway. Another book where the synopsis is better than the book The writing is good, but I did not care for any of the characters I so sick of reading about insecure, overwrought, depressed, woe is me, I can t make decisions, let people walk all over me, treat me like dirt, I m not worthy of being loved, don t know how to parent, can t live without a man in my life or because I got burned once all men are bad, think it s OK to cross professional boundaries, and whatever else the author throws in Are women in this day and age so totally pathetic This is the 21st century. As a plea to authors, PLEASE stop writing about these kind of women. Oh and what happened with the bus driver I won this book in a Goodreads Firstreads giveaway The cover has a blurb that says A powerful voice in women s fiction I think that is a great description It is a story about 4 women in different stages of their lives all struggling through hardships They meet over tragic circumstances and a friendship is born This novel showed what can happen when women support one another instead of judging and tearing each other down Definitely requires a box of tissues to read Four women all going through hard situations come together during a tragedy. This is the second book that I have read by this author The first, The Accidental Book Club, I really liked This one, not as much It was just okay for me It was a story about friends and their relationships, which I liked There were three strangers having breakfast at an all nite diner one morning when there is an accident that happens right in front of them A bus hits another car Inside the car is a man and his newly pregnant wife This is the beginning of a friendship between the 3 strangers and the wife Although I didn t love this book, it was worth the read. The National Bestselling Author Of The Accidental Book Club Shares A Novel Of Four Ordinary Women Rediscovering Themselves And Their Futures At The Most Unexpected Time Karen Freeman, Melinda Crocker, And Joanna Chambers Have Never Met But Every Morning They Get Their Coffee At The Tea Rose Diner Karen Stops In On Her Way To The Office Job She S Held For Than Twenty
