Constance Delaware creates a ripping good read here about a college professors complete subjugation to a sexy Hispanic student who he, at first, thinks he can just get kinky sex from Little does he know, She is a long time student of the interplay between female dominance and complete male subjugation and she takes over every aspect of his life, as she moves in with him, intent on his complete submission, harnessing his desires to take him ever deeper into enslavement The scenes are entirely believable This is very well written, though it is not for the squeamish If you are looking for just kinky sex as was this professor you ll get than what you bargained for.
