Omg what a book Epic it had it all

Romance,betrayal,sadness,anger,laughter and lots of action I love Zoey so much she is a bad ass Heroine and her and Team Rogue rock my world all of her sisters plus the amazing Chrissy are the best sisters tearing up the bad guys and man was Olivia a sick and twisted psycho and then we have Declan my god I love that stubborn alpha male he is zoey s match in every way and the way they come together hot hot hot we waited a long time for book 2 but Lizzy does not disappoint there was a huge twist that had my jaw on the floor in the best way lol you going to have to read it to find out and I m praying there s a 3rd book in this series 5 action packed stars I ve been waiting to read this book and it did not disappoint What can I say without giving too much away Zoey is amazing Strong as ever, trying to figure out how to handle being in charge of Team Rouge I enjoyed reading about Zoey s thought process, she has to figure out all the minutia of being in charge of her own team, all the while dealing with blackouts, being set up and she is trying really hard to be a great leader for her team and make the right choices Her strength of having a great heart and trying to do what is right guides her choices and actions.She s still pissed at Declan rightly so and it takes Declan s none wavering support to slowly chip away at the anger over what Declan did, especially since he leaves her without an explanation for his actions for so long.I love Zoey s friendship with Vicki and Chrissy plus all of Declan s brothers are hilarious Olivia pushes her agenda and the show down I ve

been waiting for finally goes down. Still trying not to give to much away, the only thing I wish is for there to be a epilogue I love Zoey and I would love a little glimpse into her future, you know just a small window into her future life. Love Zoey, Love Team Rouge, LOVE Declan and this series. A Confrontation Is Brewing frustrated And Heartbroken, Zoey Turns To Declan, The One Man Charged With Hunting Her Down And The Only Person She Knows Who Can Help Her Determined To Do What S Right Regardless Of The Cost, Zoey Strikes Out On Her Own As Leader Of Team Rogue, A Vigilante Group Of Beautifully Lethal Women Dedicated To Protecting The Innocent Her Challenges Soon Become Overwhelming As She Is Wanted Dead Or Alive By Two Opposing Supernatural Societies Making Matters Worse, She Is Plagued By Blackouts That May Compromise Her Missions Politically Adept, Declan Knows How To Walk The Fine Line Between Helping The Woman He Loves And Remaining Loyal To His Family What The Powerful Enforcer Chief Doesn T Know Is How To Keep Zoey Safe From Their Common Enemy Time Is Running Out For Zoey And Her Team If Her Enemies Don T Find Her, Her Inability To Control Her Actions Will Land Her In Hot Water, If Not Dead Aware Of The Dangers, She Proposes A Tempting Deal To Declan Spend Every Night In His Bed, As He Asked Her Long Ago If, He And His Powerful Family Align With Team Rogue In The Coming Confrontation Between Their Societies Zoey Avenger picks up 2 months after Zoey Rogue Zoey feels betrayed by Declan and wants nothing to do with him Team Rogue is still determined to rid the world of as many Cambions as possible but Zoey s blackout episodes have increased and there are no leads on how to slow or stop them Team Rogue has increased from the 5 original members to over 50 and they have little money, food, medical and weapon supplies and running from location to location is exhausting and costly However, Zoey is determined to keep her crew safe and the opportunity to get her hands on the money needed comes in the form of an Incubus Enforcer named Aiden Declan is determined to give Zoey her space in fear of pushing her away even but he always has someone watching out for her and his brother is now in Zoey s hands Zoey would never intentionally hurt any of Declan brothers but that doesn t mean she can t use him to get what she needs Olivia, chief of IAB and mom to

the original 5 girls want Zoey, Ethan goes missing and everything points to Zoey In order to get the answer Zoey need she s willing to turn herself in to Olivia but time is running out and not only does Zoey have about 3 weeks left she also has a bounty on head She needs to find out what s causing the blackouts and Chrissy is trying her hardest to find an answer A man in a mask helps her out of sticky situations and she is determined to find out who he is and how she does it will have you laughing out loud A war is raging and after seeing all of the halfings Olivia killed, finding out what Olivia did to Sienna, Ethan s wife Zoey s main priority becomes killing Olivia but she needs Declan s help Declan is in a position where he can support Zoey but he also has to make sure he does nothing to jeopardize his position The plan is set in place and no matter Zoey s state physically or mentally, she is determined to take Olivia out once and for all I enjoyed this book as much as I did Zoey Rogue and I love the girls than ever Their back and forth banter will make you laugh and their love for each other shows than ever I also enjoyed Aiden and Grant a lot, they will give you a few laughs There was definitely a happy surprise in this book and I would love to have of Zoey and Declan, Ginny and Tommy or even Vikki and Liam in the future If you haven t read this series I highly suggest you pick it up and if you read Zoey Rogue this is a must read You won t be disappointed. Another great continuation to the Incubatti series Zoey and Team Rogue are still running away from the destiny everyone tells them they have, and that they innately feel to be right Not because they aren t attracted to the powerful Incubus, but because they want freedom to pursue what they love, which is riding the world of Cambions and in doing, protecting humankind As they are pursued from all sides, they must figure out how to stay alive, deal with every arising challenge, and learn to trust those who in the past have wanted to restrict their freedom.Zoey, as the leader, struggles with the challenges of leading a team and keeping them safe While Declan does all he can to show her he loves her and supports her, yet wants her at his side, Zoey must learn to forgive him for the past. I hate reviews that just tell you what happened in the book What kinda review is that if I wanted to know what happened in the entire book I ll read it Now that being said I loved this book I seriously could not put it down I started with Rogue 2 days ago

and thank god I have Avenger to read afterwards or I would have gone nuts waiting to find out what happen Zoey is everything you want in a character, she s bad ass, kills the bad guys like there s no tomorrow, but still cares for and looks out for all her friends She goes through hell and high water to overcome the obstacles put before her to achieve her ultimate goal A place safe for her and her Halfling friends The flip side of this is Declan Hot totty with abs to spare The man caught between his political world and his never ending love for his little Zoey He has to decide what is important in his life and find ways to make it happen, all while not upsetting the balance and causing an all out war Once you start reading this series you will not be able to put it down. Ok after the long and agonizing wait Zoey Avenger is here and I freaking loved it You get so many answers, so much action, sex magic, and awesome Zoey moments I don t want to say anything without giving anything away, but I have to say I love Declan even , I love Team Rogue so much but how could I not , and you gotta love Ethan, he really helps give us a look on the inside of his family which is great to finally get some answers as well Also Zoey, well this girly has so much going on it takes you in a couple circles, but it s all worth it I don t want to say any without giving anything away except that it s amazing If you haven t read book one, Zoey Rogue, pick it up now Though I do hope there is a book three This took me so much longer to read then I wanted only because I had to work Love Declan and Zoey This story was even better I loved the fighting and everything Declan did for Zoey Pissed me off that he would not tell her what happened Would be interesting to see a prequel about Declans mom though that will probably piss me off Really hate Olivia she is crazy She will do anything to get what she wants even if that means killing a bunch of people all she saw was progress nothing emotional was connected I hope Lizzy writes another I would love to see Zoey Rogue team I am even interested in seeing about the other team members and there soul mate. My Declan is back and I m so excited I ve missed my man, his hand remained on her forearm, and he rested his other on her hip without moving out of her way Don t fight me tonight, he said huskily, his breath stirring the hair on the back of her neck Let me fix this He s trying to redeem himself and I think for a man whose as strong and powerful as he is, is really

hot and noble, an incubus eff An enforcer deals with facts and truth, he began in the same raw whisper Zoey, I don t know what to do but I can t lose you Sometimes Declan just wants his girl, give Grant his marching orders and come home with me It was of a command this time, whispered in his husky voice, his hazel eyes piercing His idea generally always lead to the bedroom, you come home with me, and we eff until one of us passes out The ending was good and it leaves room for if Lizzy decides that Declan needs another book. I know J shouldn t have had high expectations , especially after the first book, but I was really hoping that the series would get better Sadly, it didn t, but I don t really have anything negative to say about it it was me, not the book.
