I admit it m m f is my kryptonite I m usually disappointed by them and their insistence upon making the girl a crazy train coupled with an annoying lack of mansex, but I keep trying Word to the wise This is m f m than m m f Kyle and Talon do stuff but Addison is the focus More sadz.I know I know hangs head They re all formulaic They all have a female protag who s either a virgin or virginal, who s no nonsense and independent , then gets addicted to the D and turns into delicate flower with a river of tears at any perceived slight The writing s usually beyond bad I know there s going to be some overblown conflict that basically means the dudes have to grovel to win her back which inevitably involves her being fucked stupid into forgiveness and a riding off into the sunset HEA I know But Addison didn t take long to hop on the whattheactualfuck train I m so glad I wasn t in the midst of drinking a soda when she went balls to the wall with her Betty Badass introduction to 69 Bottles because painful Seriously, what PR rep starts by telling her employers that if they fuck up she ll have their balls with a side of bacon in the morning IF Addison had backed that up and been tough as nails I prolly would ve liked her , but the I got into this the she showed her ass Of course she s beautiful and hot and everybody wants her Of course she s perfect and insightful and caring and so magnanimous Hard to believe all that perfection has been waiting virginally for the past 8 years satisfying herself Even harder to believe that all her fabulousness has been simmering underneath her pencil skirt suit set just waiting for a couple of rock gods to set her free and by free I mean allow her tattoos to be displayed Evidently, that

s all it takes to discover yourself Write that down, kids. Addison could quite possibly be the biggest misogynist I've ever run across She's caddy and bitchy to every female she meets even her friends Every single female the band comes in contact with is a slut, a bimbo, an animal or a skank EVERY ONE They couldn't just like alt rock music and this particular band They couldn't just be fans The guys are just fans but the girls all have some sort of ulterior skanky motive. What makes her judgments so laughable is the irony She makes these assumptions about these women based presumably upon how they dress and the fact that they're fans of 69 Bottles BOTH OF WHICH SHE HAS NO ROOM TO JUDGE She's a fan and she dresses like a cross between Kesha and Avril Lavigne and, yes, she does detail every outfit Naturally, all these outfits drive the band wild because She's all hair flip, giggle, squeal, eye roll, possibly sticks her tongue out She rolls her eyes so much I think it must've become like an airborne illness Next thing I knew both her dudes were doing it I was starting to run out of fucks to give what with all the bad writez, eye rolling, yelling and whatnot, but then some post migraine, threesome, impromptu, morning sex happened and what can I say No self-respecting perv bails when faced with the prospect of oodles of sex I soldered on I took one for the team Or something. Addison in her infinite professionalism bangs both the band manager, Kyle, and the lead singer, Talon Like on the 3rd day of the tour I'm not gonna lie I kinda wanted to high five her And, DA YUM, she is hornier than a wildcat She's surprisingly adventurous Then again she does have that whole 8 year thing so I ain't mad at some of her antics and she does dig the dudes groping one another I know because she tells us ALL THE TIME take note of that T word there. It's a good thing Addie's ready to roll at a moment's notice Baby girl, until you, I was a one and done kind of guy But being around you, looking at you, constantly hard is my new middle name But when you walk out of the room, it's like he knows his favorite place to be is gone and he goes limp The words used to describe the sex are There are explosions and fire and boiling It was better than a natural disaster flick. And lightning fast Faster than a speeding bullet It's like they could just look at her clit real hard and she'd have yet another earth shattering orgasm It has been 8 years so squints maybe The dudes are no better,

though, and they re in a rock band Which automatically means they were swimming in pussy pre Addie and her Doc Martens stomping in 3 whole days ago Still I m sure they had LOADS of stamina pre Addie, but SHE S SO HOT And they re in instalove and E RYTING You know what Stamina Schmamina because PERMABONER That s about how fast the orgasms occurred If only there had been rainbows sigh What little respect I had for Addie flew south for the winter when she decided that despite knowing that both her dudes were banging ALL THE SKANKS like 2 days ago that she still wanted them to forego the condoms and mark her That lovely bit of sound decision making coupled with her propensity to party harder than the actual rock stars and sleep til mid afternoon shit, I need this job Where can I get this job If this whackadoodle can do it I know I can.And there s about to be a vacancy since ole Addie seems to have locked up a rock star career for herself by singing a duet with Talon ONCE And of course it went viral on YouTube and she got offered a recording contract because that happens.Though I ll have to wait for the sequel to find out how that goes I m certain conflict and jealousy will be involved.I can t in all honesty say I hated this book because it entertained the fuck out of me I laughed I clapped I was thisclose to snorting a beverage out of my nose The writing is soooooooooo baaaaaaaaddddd it just became a joke that I couldn t get enough of and I even toyed with giving this 3 stars just for the giggles, but the writez are so bad I just can t.However if you want some hilarious brain candy A review copy was provided by NetGalley in exchange for an honest review. speak of and hardly any friends, but it has just resulted in the promotion of a lifetime As the new PR rep of 69 Bottles, she is about to embark on on a twelve week cross country tour with the band and has no idea exactly how much her life is about to change And she thought being stuck on a tour bus with five guys was gonna be the height of her problems There is something about watching the two of them together I find myself drawn to the both of them for some unknown reason, and again, my cock is throbbing thinking about it I don t know whether I should be running to it, or away from it.Talon Carver has never had any trouble getting women into bed As lead singer of 69 Bottles he has his pic of the groupies every night and as long as they re gone by morning, he s happy He has never done the relationship thing, has no interest in it, get in get off get out is the way he lives his life Until he meets Addison He knows he can t one night her and strangely enough he finds himself actually considering going after her anyway for than one night There is just one problem His best friend has also set his sights on her and rather than feeling competitive about it, he has the oddest desire to have them both And it scares the shit out of him.Talon and Kyle are like polar opposites Kyle is soft and sensual, a teddy bear While Talon is rough and a little crass with his words and his actions Both, while great separate are beyond comprehension together.Kyle Black is the Manager of 69 Bottles and has been best friends with Talon since college After meeting their new PR rep for the first time, two thing become clear to him 1 he and Addison are far closer than she could have ever dreamed, and she doesn t seem to know it 2 he wants her Without question But so does Talon When he attempts to push her into Talon s arms he has another startling realization Talon doesn t just want Addison, he wants Kyle TOO and Kyle has no idea what to do about it Sure he s no stranger to admiring another man, he s just never acted on it before As these three venture into unknown territory boundaries will be crossed, passion will ignite, sexual cravings will be discovered and nothing will ever be the same Two Men One Woman Unlimited Possibilities I will never be able to fully explain just how much I loved this friggin book Where to start As this is a menage book, let me start with the obvious THE SEX.There was plenty of it and it was hott as hell I read a lot of smut, and frankly, the dirtier the better Well

let me tell you, this book had some of the steamiest scenes I have EVER read No two were the same and Zoey had no limits anything was fair game I suggest having either your man, woman, or favorite battery operated toy nearby or suffer a cold shower cause damn seriously smokin Hottness aside, what I really loved was how they all were experiencing all this for the first time together It brought a sort of innocence into the filth and that was pretty damn sweet Talon and Kyle have never been in this type of situation before and it shows They desire each other but are nervous about it, they want each other but don t want to push too far The result was Addison, being the least sexually experienced of the three, acting as a sort of comfort zone They both wanted her desperately but that kind of desire they had experience with, so she just sort of helped them get comfortable in their new desires That was a wicked twist I wasn t expecting but loved and it actually cranked up the hottness.I can feel myself getting worked up all over again just talking about it sooo.moving on.Besides all the crazy hottness that was this book, there was actually a damn good story behind it believe it or not, it wasn t ALL about the sex And the characters themselves were amazing Talon and Kyle were polar opposites one demanding and controlling, one passionate and calming They balanced each other out perfectly and as the story progressed we peeled away layers to the men underneath, the men they kept hidden from the outside world Addison was a wonderful mix of strong and independent, yet vulnerable and insecure She just did a damn good job at hiding her insecurities, except where her men were concerned she couldn t hide anything from them And with the exception of one situation involving a shopping spree, where I kinda felt she seriously overreacted, I had no complaints about any of them Granted, it took some time in the beginning for the men to get their heads outta their asses mainly Talon , but dudes a rock star so that was to be expected As it was, everything progressed at a fantastic pace Every single page held my attention and added to the overall story, all of the secondary characters were amazing and unique each and every band member had qualities that had me loving them in their own special ways The banter between Addison and ALL the guys was freakin hilarious Honestly, there wasn t a single part of the book where I wanted to put it down long enough to

even sleep I could read this over and over and over. but then I got to the end I admit I screamed, I cussed, I wanted to throw my kindle and I kept hitting the next page button hoping that the page counter was wrong and there was There wasn't It wasn't even that big of a cliffhanger, it was just that last sentence..and I will leave you hanging right there, just like I am so I am not suffering alone Zoey Derrick most definitely cemented her spot on my One Click Addiction List one blush and gasp at a time with this one I STILL can't get this book or these characters outta my head and I am itching to get my dirty little hands on the next one I am officially a69 Bottles GroupieFuck, Kyle growls next to me You took the words right out of my mouth Dude, she's fucking ours You know that Kyle's words hit me like a fucking freight train She's ours She's mine, she's his There is no jealousy, no envy, simply contentment and desire as she walks in perfectly measured strides towards us Check out my FULL post Bookworm Betties Happy Reading xo Jenn Kindle freebie 5 1 18 DNF I don't care how hot the sex is If I have to be inside Addison's head any longer I'm going to scream Her big fake D's that she doesn't wear a bra with because she passed the pencil test Every guy in the band having heart attacks when she walks out dressed for a show Her needing a bodyguard because of the way she's dressed Her clit hard and her pussy weeping, oozing wtf ever she said every time she's around Talon and Kyle But she hasn't had sex in like 7 yrs because of her dead husband This is day one The first show She's already pouting that Kyle and Talon have girls on them Ugh Stop Stop Stop Moving on Damn I sure know how to pick them lately Global Warming has come to the fiction world in all of its blazing hot glory as Zoey Derrick kicks off her series, 69 Bottles with Claiming Addison as she gives new meaning to, When the bus is rocking, don't come a knocking Holy flaming arrows, cupid, cover your eyes, love, lust and passion has never burned so hot. Addison is a woman on the move, climbing up the corporate ladder, one job at a time Her assignment, as the PR rep for the rock band 69 Bottles is to travel with the band on their tour bus for two weeks A woman in control, with a wild child just waiting to be unleashed may have met her match, but will it take two men, each craving her to find true release and passion The ultimate lust triangle, she wants him he wants her, she also wants him

and he also wants her and then, just when you are ready for a good, long nap, he also want him who wants him back Told from the viewpoint of Addison, Talon and Kyle, there is no doubt that we are getting the big picture here, as Zoey Derrick scorches the pages with great dialogue, tidbits of humor and passion ignited Great characters that blend together perfectly, there is tension, a little tension and then just a tad after that in this spicy tale of letting go of boundaries and reaching for the stars I will say, if you are easily embarrassed, uncomfortable with in your face intimacy or have any health conditions exacerbated by rapid breathing, elevated blood pressure or getting caught with smoking pages in your hands, this may not be for you If you recovery quickly from scorched eyeballs, read on I received this copy from the author as part of Zoey Derrick s Claiming Addison Tour, stopping at Tome Tender March 6, 2015Series 69 Bottles Book 1Publication Date January 6, 2015Publisher Zoey Derrick PublishingGenre Erotica, M M F, Menage, Romance Print Length 326 pagesAvailable from Barnes NobleReviewed for For Addison Beltrand, PR Rep For Bold International, Inc Climbing The Corporate Ladder Is All That Matters In Life Her Hard Work Is Finally Rewarded With The Promotion She S Worked Her Ass Off To Earn But The Gig Comes At A Price She Leaves In Two Days For A Twelve Week Tour With America S Hottest Alternative Rock Band, BottlesTalon Carver, Lead Singer Of Bottles, Has No Problem With Women As Long As They Re Gone By Morning When Addison Shakes Up His World, It S A Huge Problem Compounded By The Fact That Addison S Not The Only One He WantsKyle Black, Manager Of Bottles, Has A Secret He And Addison Are Closer Than She Thinks, But Telling Her Could Keep Her Away When Talon Sets His Sights On Addison, Kyle Uses His Secret To Push Her Into Talon S Arms, Only To Discover She Isn T The Only One He NeedsTwo Men One Dilemma Talon Is Wild, Reckless And Loves ControlKyle Is Calm, Collected And Loves PassionThe Perfect Balance Or Addison S Ultimate Undoing Talon And Kyle Push Their Boundaries And Addison S, But Can They Throw Their Reservations To The Wind And Claim Her Together Two Men One Woman A Rock Band A Tour Bus One Wild Ride Content Warning Sexy, Naked, Bisexual Rock Stars And A Lot This Book Contains, But Is Not Limited To The Following Sexual

Content Reader Discretion Is Advised Hot Sex Between Two Men And One Woman M M F, M F M, M F, F M And M M Sexual Content There Are No Boundaries When These Three Crash Together, As Long As You Re Over Years Of Age it s between 3 and 3,5 position 69 is not enough starsthis is actually a very good ranking consideringI was thinking of taking my time to write this but fuck it, I ll say it straight it actually surprised me the way my mind accepted this sexual revolution and exhibition cause that was the only thing I actually liked.The story started as it usually does girl meets a guy sorry guys they are placed together in a closed space and the attraction is palpable so what s gonna happen omg yeah, you get where I m going with this the plot is nothing new, the characters, well I am not in the clear about them, I certainly love Kyle the manager and Talon the lead singer of the 69 bottles band what I don t get is her Addison view spoiler she just jumps from a 7 years dry period into a kama sutra sexual playout with two men after knowing them for, what three days or soand she has never done that before, well honey hide spoiler This was a really good book I have found me a new hot rocker series Addison Beltrand is a PR rep for Bold International, Inc when her Boss Trinity calls her into her office and tells her that she is needed to go on tour with America s hottest alternative rock band, 69 Bottles she agrees Talon Carver, lead singer of 69 Bottles, has no problem getting women and after one look he wants Addie, but he has a problem he also wants his friend and manger Kyle Black Addie thinks she knows Kyle but can t remember where from and she is shocked when she figures it out Turns out Kyle is the brother of her former fianc Dan who died in a car accident almost eight years ago, which also happens to have been the last person she had sex with This was a very good book I instantly liked all of the character s in this book and the band members Kyle, Talon and Addie are all confused about what is going on between them Talon and Kyle have never been with another man and they are learning to take things slow and Addie realizes this and wonders if she is pushing them Things start off good at the beginning of the tour until the drummer Dex the manwhore that he is set is caught having sex and doing drugs and this is where Addie comes in This book was well written with no errors in spelling or grammar the sex scenes in this book was hot as hell and

although the men didn't have intercourse it was still hot This was also my first time reading this author and I am looking forward to reading the next book in this series.
