In order to escape his crazy life in the spotlight movie star Cameron Ross purchases a ranch where he can lead a normal life when he is not working away from people who only want to use him. He grows some stubble, trades in his Armani's for well worn denim, and goes by the name Noah Campbell. Dulcy McCann, ranch manager, is all set to dismiss Noah as a rich, useless city slicker until she sets eyes on him hard at work and actually pulling his weight. A single Mother, shunned by the majority of the Town, Dulcy has remained celibate and worked very hard to get where she is and gain back the respect she lost from a past mistake. She is stunned and frightened of her immediate attraction to Noah but it is darn impossible to fight. She can't give into her feelings or she'll risk everything she's worked so hard for. And although he is falling hard for her he fears he'll break her heart when she discovers who he really is and it is only a matter of time until she does since his face is plastered over the entertainment magazines her Aunt loves to read. **DON T FENCE ME IN** is a fast, sexy read with a charmer of hero, and an assortment of likable characters. The plot is sprinkled with humor and a bit of intrigue. The ending had me in stitches, so if you suffer from read enditis try to resist temptation because you will really spoil it for yourself.

Cameron Ross, speculating if he is gonna win the Oscar and marry film star Isabelle and then later we find a six year old Hannah and her mother Dulcy trying to wake up their hung over ranch owner Noah Campbell. Noah and Cameron Ross are one and the same while Noah is actually the reality Noah realized that Isabelle was in love with a myth and that he needed some place to belong and connect with and the ranch is his dream He likes being treated as normal with people having no idea who he is, so despite being drunk he drags himself to work. Dulcy is the manager of his ranch and a surprise, first of all there is her daughter, totally adorable, intelligent, sweet who can talk like an adult and then Dulcy who doesn't look like she can do much but is great Dulcy needs the ranch, to give her daughter stability and she is also hiding that there has been some sabotage She made mistakes when she was younger view spoiler she was preacher's kid, who got pregnant at 15, but despite being sent away kept her baby and got a degree hide spoiler

I just almost reread all of Kathleen Korbel's books last week after Eileen Dreyer's new Regency came out I've loved most of her books.
