The Cowboy Meets His Match a Rodeo Heroes Series by Leann Harris Sawyer Jensen is hired to revive Quay county s faltering rodeo He soon fines out that Erin Delong had also put in designs for the the job The locals thought Erin would get the job One board member and his daughter did not want Erin to get the job Just because Erin didn t get the job did not mean she was going to keep her mouth shut There are idea s she has and to her surprise Sawyer listened to her Sawyer knew they were good idea s he didn t think of Erin also found out her father was on the board and voted against her Sawyer has a past that he was surprised he felt at ease telling Erin about it Lots of touching parts in this story A good read.

I don t give 5 stars often and rarely for this genre series, but this one was very well done in my opinion The focus was not so much on the two main characters, Sawyer and Erin, developing a romantic relationship as it was on them working together to revamp the rodeo that Erin s family had founded years before Both characters are strong enough to put forth and argue for their ideas, but also flexible enough to listen to the other person s point of view and be persuaded if the arguments are sound or at least reach a compromise Yes, there are a few rocky

points, but they are resolved. The author puts many life lessons into the pages, and this is the main reason I gave it 5 stars, even though I probably wouldn't read the story again at least not anytime soon. There's the fact that men and women will process things differently and reach out in different ways. Women may just sit down and talk about their feelings, but men often do so when they're working on other tasks. Sawyer is able to point out things to Erin and to her brother Tate in ways that show them truths without making them feel silly or stupid for not seeing it. Erin does the same for Sawyer. This plot avoids many of the common tropes of the genre and creates characters I care about and root for.

I really liked this book. It was a great read. The characters are great. Sawyer and Jenson get the job to renovate the rodeo. Erin Delong thought she had a chance at the job too, but comes to find out Sawyer has the job. She has some doubts but they come together to make the rodeo the best they can. Her brother is having troubles and Sawyer helps with him. Erin has a lot on her plate. Her dad is sick, had a stroke but is getting better. Deal with her brother and work with Sawyer. They wonder where the final figures are. They work together and get locals and other to help. There is a bad storm and Erin somehow gets the three of them back. Her brother is hurt and she hurt her shoulder. Sawyer is unconscious for two or three days. He comes face to face with his mom who is now a nurse. His brother is not so sure about her. As they work together, their attraction grows. They understand each other and open up about their lives. They come to find

that love that is meant for them. This is a great read.

The Cowboy Meets His Match by Leann Harris It is part of Rodeo Heroes but does fine as a stand alone.Sawyer Jensen and Erin Delong were in the running for the job to revive Quay County s faltering rodeo Sawyer wins the job and Erin works with him As time goes on she sees God s hand in having Sawyer there and he is helpful to her family and her it is an adventure and mystery filled story which also includes learning to trust and to work together It is well written and keeps your interest I did not want to put the book down as I wanted to know answers to the mysteries and see what happens next A wonderful read that is hopefully.
