

[PDF / Epub] ? Having Justin's Baby By Pamela Bauer – Soccerjerseys-wholesale.co

Posted on 13 December 2017 By Pamela Bauer

Really, a 3.5 It s a best friends to lovers theme, and I thought the author did a great job of showing the uncertainty, the hurt, etc between friends. When her fiancée jilts her, the heroine falls into bed with her long time friend and winds up pregnant It s interesting to see how the sex and then pregnancy affects the delicate web of their friendship and other relationships, as they work their way to parenthood and love Would have been better had the heroine been a touch likable and I would have also liked to see her dad s reaction to the pregnancy which was not mentioned in the book At all Even though the relationship between the heroine and her father was a big deal, even fraught, in the rest of the book WTF. There S No Turning Back Once Paige Makes A Colossal Mistake That Could Cost Her The Best Friend She S Ever Had How Can Life Possibly Stay The Same For Her And Justin After They Spend One Passionate Night Together If Only Her Fianc Hadn T Run Off With Another Woman And If Only Justin Hadn T Been There To Comfort Her When She D Been So Utterly VulnerableBut Now She S Pregnant And Paige Can T Turn Back The Clock And Things Couldn T Get Any Complicated Because This Innocent Little Baby Puts A Whole New Spin On The Term Just Friends The heroine, Paige, is quite a selfish person and not a very good listener, especially to her two best guy friends, Justin and Kyle She was also very negative and kept blaming Justin about the whole thing that happened between them and he was trying so hard to make things right, but she just kept pushing him away. Also, I am really curious about what happened to Kyle I know he became Justin and Paige s

godfather but did he ever find his true love Overall, there were very few parts in the book that I did like There was just so many things that I wish the author have gone into detail about. It s a romance novel so I didn t go into it expecting it to be phenomenal, but it was a decent book I enjoyed that it was set in Minnesota so I felt like I could really understand the characters being that I am from that area If you re looking for an easy, quick read, I would recommend this Of course, I secretly or not so secretly now P actually enjoy reading romance novels so it may not be for you This book was just OK..I mean it was a good story but sometimes I felt like there s a whole scene that s missing Like something would happen and it would be like I told you yesterday And we ad readers didn t get to see what happened and frankly I felt like that happened with the most important scenes Also, sometimes It felt like there really isn t any chemistry between the H and h And I couldn t really believe they loved each other I don t know But it ended HEA So that pushed an extra star.. I didn t love this book, although I liked it The writing was a bit childish as were the characters, but after a bit, I warmed to them The characters were 28 and were written like they were still in high school I ve never read any other books by this author, so I don t know if it s just the author s style of writing or just the characters themselves. I didn t find this book super dramatic or very good but certain points were okay There were sweet times, bad times, funny times and so on The one character I felt horribly for was Kyle He had been the heroines best friend, stuck by her side and fell in love with her, only for the heroine to hook up with his best friend, the hero. I enjoyed this book and the author s laid back, fast paced style It was a good enjoyable read My only gripe is that the story is lacking is the true love aspect In fact, the romance was a bit tepid All of the qualities that made the young heroine so likeable disappeared after the one night rebound with her friend that left her pregnant I left the story feeling like the couple settled for each other because of the baby. The heroine Paige comes across as very selfish, maybe she s insecure but from the start she seems vapid and that makes me dislike her very much Justin I liked but I wish he started out with of a spine, letting her blame him, eurghh she was such a coward She genuinely came across so self absorbed I wanted to smack the white off her
