

## ➤ [KINDLE] ❄️ Beware a Scot's Revenge By Sabrina Jeffries ➤ – Soccerjerseys-wholesale.co

Posted on 13 June 2019 By Sabrina Jeffries

Sir Lachlan Ross, heir to a Baronetcy in Ross Shire Scotland, and aka the Scottish Scourge, has made it his life's goal to take back what had been stolen from his father and their people. Eventhough that, he had a single mindedness to attain revenge against the man responsible for all the loss and humiliation he had suffered. He was determined to complete this revenge even if it meant becoming a thief and scoundrel himself. So, since the source of all his vexation had chosen to remain absent from his ancestry home in Scotland all these years, only to enjoy the high society of London and the ton, Lachlan handed over his acts of revenge to the Scottish Scourge. That is, until the Scourge had met his own untimely demise, and at the orders of none other than his own nemesis. So, Lachlan's plans had to change. The fates were looking down on him with blessings when his pathway to vengeance appeared innocently in Edinburgh at a Celtic Society ball. Venetia was ecstatic about being back in Scotland after so many years of absence. It was the true home of her heart and ever would be. She had been so relieved when her father agreed to let her come to the ball in Edinburgh with her aunt as chaperone, she could almost forgive him for exiling them all these years from the Highlands. Venetia hoped it was just a beginning to his allowances when it came to Scotland. What better way to start out a night at a beautiful ball, then the attentions of a mysteriously, handsome, masked gentleman. She knew he was a stranger, yet he seemed so familiar somehow. Then when her aunt realized he looked similar to an old family friend, Laird Alisdair Ross, who was once their close

neighbor in the Highlands, all of the painful, old memories of her childhood came flooding back The death of the man she had been in love with since childhood coming back to invade her thoughts The regret still poignant as it was when she had first heard of it Strange this masked man could remind her of Lachlan in so many ways Sabrina Jeffries has delivered another romance with a headstrong heroine, who never gives up on her heart s desire Smart, vivacious, witty, adventurous, and courageous, this reader couldn t help but love her In many ways though, the hero didn t live up to the heroine He was loveable on some tragic plane because of what he had suffered in his life However, he made so many bad decisions, one after another, I couldn t help but end up so aggravated and angry Truly by the end, I felt the heroine deserved so much than what she was going to end up with Even frustrating, the hero almost always realized his stupidity in decision making afterwards, but just kept repeating them He just never seemed to learn Of course, by the end he seemed to, but it really was rather too late for me I still enjoyed the story and plot and think most readers of historical romance would like it If however, you put most of your stones in the hero s basket, it may be bound to sink. This is definitely the best Sabrina Jeffries book I ve ever read Those who are familiar with her know her books are on the light, fluffy side, so you have to keep that in mind before you pick this up. I LOVE when villains in previous books become the hero, so of course I was excited that this one was to be about the Scottish Scourge, who had previously tried to rob Amelia and Lucas, the main couple from the first book. Okay, so Characters Lachlan I LOVE him, even than I expected to It was refreshing to have a hero that actually cares about what the heroine thinks of him I don t think I ve ever read that in a book before they always end up caring by the end, but Lachlan cared from the very beginning Everything he does is for the good of his clan There is nothing villainous about him As for Venetia, I liked her a lot, too She s not one of those I know everything heroines who goes about doing things just to prove she can She has a big heart It did take a LONG time for me to feel her love for Lachlan in fact, for some reason I was able to feel that Lachlan loved her, but I didn t sense her return feelings She did all the required things someone in love will do, but it didn t come off the pages Story The basic premise is that

Lachlan kidnaps Venetia, holding her for ransom to get money to support his clan. I know the whole hero kidnapping the heroine thing has been done many times, but somehow it felt new here. I think it's because Lachlan and Venetia knew each other as children, so that gave it a different feel. She had really liked him, and it wasn't her being taken by some scary, mysterious guy she'd never met before. Also, Lachlan was completely good to her the whole while, and Venetia never REALLY feared him. She claimed she did, but it's obvious she didn't. It was fun to see Venetia eventually figuring out that Lachlan actually is a good guy. What bothered me though, was the end. It seems as if every romance novel ends with the hero having to come to some decision, or realize that he can't live without the heroine especially in Sabrina Jeffries books this is getting old. Can't authors come up with a new climax. And it's silly here, too, because he had already figured out that he was in love with her, and ADMITTED it to her, so for him to just try to give her up like that it felt really fake. I don't believe Lachlan would have acted in that way. I understand why he supposedly did it, but I just don't think it was a good enough reason. Other than that, I really enjoyed this one. I just wish that ONCE an author will not make the hero out to be the stupid idiot bad guy toward the end, even after it has been established that they love each other. Even in historicals, where the heroines are almost always painfully naive, the hero has to suddenly become a blind dummy. Why? They spend a good part of the book being intelligent, and then BAM! Their IQ decreases.

Sweet and lovable story with humorous dialogs and characters you can feel. Reviewed for [queuemyreview.com](http://queuemyreview.com). My, my, my. Sexy highlanders in kilts. Beware a Scot's Revenge is another winner in Sabrina Jeffries School for Heiresses series. Ms. Jeffries provides another enticing glimpse into the late Regency period in Scotland with a braw and rowdy highland laird, a Scottish princess who yearns to return to her beloved homeland, and a 16 year old tragedy that almost derails true love. Venetia Campbell is thrilled to be back in Scotland. It took all her wiles to convince her papa that she would be safe, especially since the dreaded Scottish Scourge is now dead. Then she's kidnapped by Lachlan, her childhood friend, who turns out to be the outlaw himself. Suddenly, she's discovering that her dreams of home aren't quite as she imagined. With

Lachlan accusing her father of horrible crimes, her childhood estate being bled dry by an evil overseer, and to top things off, she sin love with Lachlan now than she was as just a child But she ll be neither widow nor grieving daughter if she has anything to say about it Lachlan has come up with a desperate plan to get the money Venetia s father owes he and his clan he ll kidnap Venetia and demand her father s presence with the money And if the man tries to cheat him again after having him beaten nigh to death then he ll kill him, after all this is a matter of honor and clan But Lachlan didn t take a few things into consideration First, he didn t realize Venetia was smart Second, he didn t know what a brave beauty she d become Third, he didn t understand the nature of the debt And last, he didn t see how quickly he would fall in love with Venetia Now he s trapped by his own plan and can t see a happy ending Good thing Venetia has plans of her own. I enjoyed the interplay between these two strong willed characters as they sparred their way across Scotland Ms James pacing was fabulous and there weren t any drags in the story or the action Her depiction of the highlands and the troubles from this time period were perfect for this type of novel The time of the clearances was an absolutely wretched time for the Scottish and I appreciated that she didn t try to ram this down my throat, but rather illustrated the hardships via characters and actions in the plot I was pretty impressed with this, as I ve read many a romance that focused so much on the difficulties of this period that I ended up depressed after I finished the book She portrayed the hardships without belittling them, but still kept the tone of the book light Beware a Scot s Revenge was also pretty hot on the sensuality scale I felt the attraction and the confusion and the indecision of both characters Each of them had tough choices to make and did so while staying true to the natures she had drawn for each I ve enjoyed all of the School for Heiresses books I ve read can t wait to read the rest. Cute Scottish historical romance with likable leads Not the usual time period for Scottish historicals, it was nice to see Scotland a few generations after Culloden The romance was sweet, I like how the hero never treated the heroine badly even when he was very angry with her father Check this out if you like Scottish historical romance I didn t hate this book but I didn t love it I liked it The plot seemed interesting than it ended up

being. The letters at the beginning of each chapter were not needed I know it furthers a story within this series or whatever, but I don't think we needed it. The hero, Lachlan Ross, he was the next door neighbor of our hero. They haven't seen each other in 16 years since the heroine's father ran away from Scotland and stayed in England. Our hero kidnaps the heroine while she was visiting Scotland and takes her back to his place. But not before running into a few obstacles with her running, or running into old friend etc. The heroine, Venetia, she was probably doomed to spinsterhood because she had all these wishful thoughts of highlanders and those ballads that she collected were preventing her from liking all the English, boring, stuffy guys. She meets the hero at a ball where he is masked and the next day he shows his face and she recognizes him and accidentally gets kidnapped for trusting him. Some parts were boring, some parts weren't. It all was pretty good. ONE WEIRD TWIST THIS IS A SPOILER SO READ AT YOUR OWN RISK view spoiler Lachlan's dad was cheating on his wife with her friend and neighbor who was Venetia's mother. They're both dead now. And then out of nowhere Venetia's dad thinks Lachlan's mom is cute and they'll probably end up together. WEIRD hide spoiler Someone's Going To Call Your Bluff Someday, Venetia You'd Better Hope It's Not A Handsome Man Mrs Charlotte Harris, Headmistress Lady Venetia Campbell's Visit To Her Childhood Home In Scotland Takes A Dramatic Turn When She's Kidnapped At Pistol Point By Her Father's Sworn Enemy Sir Lachlan Ross Is Widely Feared In His Guise As The Scottish Scourge, But Venetia Remembers Her Former Neighbor As A Handsome Youth Whose Attention She Craved Now A Wickedly Sexy Man, Lachlan's Appeal Is Even Intoxicating and Much Dangerous Though Lachlan Tries To Treat Her As His Foe, His Scorching Kisses Tell Another Story And Despite His Plan To Use Her As A Weapon Against Her Father, Venetia Is Determined That Lachlan's Lust For Revenge Will Be Trumped By An Even Powerful Desire Venetia Campbell goes for a visit to her childhood home in Scotland, but at a ball she meets a stranger at the masque ball, and dances with him who rouses up her senses after sharing a sensual kiss that makes her melt into him. But then when she finds herself kidnapped by Sir Lachlan Ross, whom she knew as a young girl. Now the one who is feared as the Scottish

Scourge, she still finds him tempting as chocolate, only muchwicked Lachlan, knows that despite him knowing Venetia as a youth, he knows he must get back to her father for all that he owes him and his clan, for once a prosperous one, now struggling to survive So he kidnaps Venetia, even though he wishes he had another choice, but knows that this will be the only way to get what is owed to him and to his people, whom he has the responsibility to So now despite his plans to use her, a fiery passion is discovered between the two, and a tender love that could heal betrayal and hurt of the past.

**Beware A Scot s Revenge** is the third installment in the *School for Heiresses* series I have been able to read this whole series, although not in order, and this being my second time reading *Beware A Scot s Revenge*, and despite it being a couple years since I have read it, I still found myself mystified by such a magical romance This is my favorite of the series, and I fell in love with both of these in depth characters that were portrayed so well throughout the story The plot was enticing and exciting, filled with romance, adventure, intrigue and a powerfully portrayed romantic story This is definitely a first rate romance that will suck you into the story from the first line So if you have yet to read this one or any books from this author, I would recommend running to the store right now and treat yourself to a romantic treasure.

Sir Lachlan Ross has tried to collect on a debt owed by the Earl of Duncannon for years, but has never had any satisfaction So, he decides to take matters into his own hands and kidnaps the Earl s daughter, Lady Venetia Campbell He ll hold Venetia at his home in the highlands until the Earl brings him the ransom money But things don t go as planned Lachlan thought Venetia would be a spoiled brat, but she turns out to be a warm caring woman that Lachlan likes right away As they travel through Scotland, Venetia stops trying to escape from him After learning about the debt her father owes the Ross family, Venetia wants to talk to her father and hear his side of the story She just has to wait for him to come and get her This is an enjoyable historical romance It s the third book in Sabrina Jeffries *School for Heiresses* series Lachlan and Venetia are both appealing characters He needs the money to take care of his clan Venetia s loyalty is torn between her father and the man she has fallen in love with My rating 4 Stars. Lachlan Ross bukan

sembarang pria Skotlandia Ross mampu bangkit dari kematiannya dan menuntut balas kpd musuhnya Maka Ross menculik Venetia, putri Duncannon, musuh bebuyutannya Yg mungkin tidak diprediksi Ross adalah kemampuan manipulasi Venetia setara atau bahkan melebihi kecakapan yg dimiliki Ross Dengan pesona Venetia yg luar biasa, dia mampu membuat bertekuk lutut semua orang yg dihadapinya Walau awal cerita berlangsung agak lamban, tapi alur cerita dan twist nya tetap makin menarik hingga akhir cerita Karakter Ross yg temperamental namun memiliki pendirian yg teguh, membuat kekhasan sifat pria2 Skotlandia yg kampungan dan urakan tapi disiplin dan loyalitasnya tak perlu diragukan lagi Author juga menyelipkan humor sarkastis disana sini yg menghibur saya sbg pembaca setianya, seperti Pola kebutaan para pria yg umum terjadi Dimana para pria jarang atau nyaris tidak pernah melihat perubahan2 yg dilakukan wanita karena kepekaan mereka yg tumpul atau fokus mereka yg salah arah Saya justru paling suka pd chapter2 akhir novel ini Momen saat Venetia mengeluarkan ultimatum terdahsyatnya kpd Ross Dan saat Ross diceramahi ibunya sampai Ross menyadari kesalahan terbesarnya dan terbuka hati nuraninya Sbg penutup, kita tidak bisa menganggap diri kita benar atau salah dari ucapan dan keputusan yg diambil pd saat kita sedang sedih marah sekali Introspeksi dan perkataan dari orang terdekat yg bijak bisa membantu mendorong kita mengevaluasi dan membuat keputusan baru yg tidak akan kita sesali di kemudian hari.
