Everybody loves a sheikh Except his family when he disgraces himself in a public place and it goes viral on social media. Sheikh Ibrahim al Ansari has been estranged from his family for around five years, living in a neighbouring Arab country and becoming even rich through his own efforts The last thing he expects is an invitation to his father s birthday party The only thing is, the invitation back into the bosom of the family comes with strings Strings that Bram has no intention of letting twine around him. Ruby likes to keep on the move, not getting close to anyone since the family scandal that destroyed her comfortable life and Olympic ambitions Working as a temp is perfect and when her job takes her to work for Sheikh Ibrahim, it s just another day in paradise, or the desert, as the case may be. Losing his secretary temporarily to a skiing injury is the last thing Bram needs but his friend s suggestion he use Ruby as cover to avoid the unwelcome arranged marriage makes him look at her in a new way For Ruby the financial benefits are the chance of putting the past behind her forever. I really enjoyed seeing Bram and Ruby get to know each other They both have wounds from the past, some seeming to be self inflicted, like Bram s estrangement from his family and Ruby has faced betrayal two too many times. This is a sweet romance but it has just the right amount of sizzle to make the connection between the characters work A lovely read and a satisfying Happy Ever After. I received this book from the Author in an on line competition. Bram was next in line to the throne and was engaged to be married to a woman his parents

he wants to be forced into marriage with the woman his estranged father has chosen for him He lucks into the fact that his new temporary assistant fits his needs to a tee and has agreed to a temporary marriage of convenience Ruby Dance has her own painful past that she lives every day running from, so if she can help Bram to rectify past mistakes and reunite with his family, she is all for it Neither of them expect to actually fall for each other when they are spending time preparing for their trip, but when it happens, will they decide to make their marriage a real one This book is exactly what a romantic getaway should be I was swept away to a far away land while reading The Sheikh s Convenient Bride The setting is beautiful, the hero is rich, head strong, smart, handsome, and a disinherited Sheikh The heroine is smart, beautiful, sassy and strong willed and has been wronged in her past The Sheikh s Convenient Bride by Liz Fielding is a wonderful book Liz Fielding has a true talent for describing the setting and her characters, so you can close your eyes and be taken away This book is just the definition of romance in a desert setting I found the story to be fast paced and has just enough heat to add a bit of sizzle to it I took my time and read this book over a couple of evening, so I could savor the story The Sheikh s Convenient Bride now has found a home on my keeper shelf.Oh, and whoever was responsible for the cover art of the book did an outstanding job, it has a beautiful cover. This is such a treat Thank you, thank you, Ms Fielding, for an absolutely wonderful touching, intense, utterly romantic read Sigh This one really hit the spot In The Sheikh s Convenient Princess, her 65th category romance novel for Harlequin, multi award winning author Liz Fielding proves once again why she s one of the genre s best loved and most gifted writers with this engaging, poignant and captivating tale I devoured in one sitting Efficiency is PA Ruby Dance s middle name Conscientious, meticulous and dedicated to her job, Ruby puts all of her heart, soul and energy into her career and is one of the best personal assistants in London However, beneath the efficient and buttoned up veneer lies a woman who has had than her fair share of heartbreak, anguish and disappointment Having been let down in the past, Ruby had erected impenetrable barriers around herself which many had tried and failed to breach and when she had met, through the course of

her work, someone she had thought she could trust, she had been bitterly disappointed when she had been betrayed once again. Vowing never to be so easily persuaded to let down her guard ever again, Ruby strengthens her resolve to keep emotion and any kind of personal attachment at bay, so when her boss asks her to travel to a desert kingdom to act as a temporary PA to Sheikh Ibrahim al Ansari, she jumps at the chance, unaware that fate is about to turn her life upside down.

All his life, Ibrahim Bram al Ansari had been destined for a life of duty and responsibility until he had disgraced himself in public and found his antics splashed all over every single tabloid in the world. Ostracised by his family and told never to set foot in his home ever again, Bram had had no other choice but to stay away from the people he loved most in the world and the kingdom that was set to be his one day. Bram had thought that he would be shunned by his family forever until he receives a summons from his dying father asking him to come back home. However, this reconciliation comes with a price: if he is to be welcomed back to his desert kingdom, he must accept his father's choice of bride unless he gets there first.

Bram needs a temporary bride who would agree to be his convenient wife for a short period of time and the perfect candidate has just turned up on his doorstep: his new PA, Ruby. Dance Marriage was definitely not on the agenda for Ruby, but a convenient marriage with a set expiration date and an attractive financial settlement at the end of it could be the answer to all of her money problems. But Ruby hadn't counted on falling head over heels with her handsome Sheikh. Will she find the strength and courage to walk away from the man she has fallen in love with at the end of their convenient arrangement? And to the point, will Bram want her to?

Liz Fielding is one of my favourite romance writers, so whenever I pick up one of her books my expectations are pretty high and she manages to exceed them every single time. Like all of her previous releases, *The Sheikh's Convenient Princess* is a charming, engrossing and mesmerizing romantic read that is absolutely impossible to put down. Ruby and Bram are such wonderful characters. Ruby is a terrific heroine and her journey from reticent secretary to spirited heroine is an absolute joy to read and Bram is a gorgeous hero who is sexy, kind hearted and honourable. With *The Sheikh's Convenient Princess*, the

fantastic Liz Fielding has once again penned an unforgettable read destined for keeper shelves the world over and I am already counting down the days for the next release by this outstanding writer of romantic fiction
