This must be the most authentic English translation available of Rumi's masterpiece. It is evident that the author has a vast knowledge of Islamic literature and Sufism. What amazed me the most was how the author kept the verses in rhyme, which must have been a strenuous task, while retaining the essence of the message, a difficult task when translating from Persian or Arabic to English. It's also interesting how Rumi sidesteps into other stories in the midst of each main narrative. There is a section as well at the end which explains the Quranic and other references. I think this book definitely lives up, and is true, to Rumi's legacy. Looking forward to book 2. Rumi's Masnavi is widely recognised as the greatest Sufi poem ever written, and has often been called the Koran in Persian. This updated translation of the classic work remains faithful to the original text, and also includes notes for readers who are new to Rumi. Menyusur Masnawi atau Masnavi ini, ibarat kita berkelok di sebuah sungai yang jernih tetapi dalam dari lubuk hati peribadi dalam sebuah pelayaran menuju ke samudera yang memberikan pengalaman hakiki terhadap realiti kewujudan dan rahsia roh. Membaca Masnawi selepas tingkap kefahaman dibuka sedikit untuk memahami tauhid dalam pandangan alam sufi dan konsep wujud atau ontologi seperti yang cuba diterjemahkan oleh ulama ahlillah ke bahasa akal, banyak membantu saya khususnya cuba menggapai perlambangan yang digunakan dan menyelami hikmah yang diungkapkan. Masnawi menjadi dalil bagaimana Maulana Jalaluddin Balkhi Rumi mengubah pengetahuan dari luaran menjadi ilmu hakiki dan cinta abadi yang menyuburkan jiwa

into six volumes and is full of Sufi lessons What I found so beautiful in Sufism is that desire to destruct oneself into a higher conception it is kind of romantic a desire found elsewhere only among lovers That is probably why Sufi poets like quoting examples from romantic stories Rumi also took example of Laila Majnu in this volume. Basically, Rumi argues, it is just stupid to stay limited to loving only a part of god s creation when you could love God himself An ant hurries along a threshing floor with its wheat grain, moving between huge sacks of wheat, not knowing the abundance all around. It thinks its one grain is all there is to love A Sufi poet is a person on mission of this self destruction also a guide for others to do so the songs he sing are in love for God, something similar to a Nightingale singing in love for roses which, by the way, a very common image with Sufi poets. This nightingale dips its tongue in Quranic water before he sings All poetry is to explain Quranic verses Apart from Quranic stories, Rumi also takes examples from Indian, Greek and other folk stories and mend them to deliver his message Often he would pause within a story to tell another one or to interpret it for you never for once breaking the verse. As good as this translation is, I can t help feeling too much of meaning must have been lost to keep the rhyme The musical effect definitely lost at times and that is most important thing The only way to enjoy them is letting yourself be drawn into this music the way some people let themselves when listening to music on headphones and start singing and dancing madly even with people around To me Sufi poets must be like that just look at book cover In your light I learn to love In your beauty, how to make poems you dance inside my chest where no one sees you, but sometimes I do, and that sight becomes the art . .
