A sweet story that, when boiled down, is about two friends who do everything together until they have a disagreement They must figure out how to reach back out to each other to get back to where they were emotionally Something all kids have to figure out how to navigate. A young girl clearly loves her cat, Mr Fluffernutter The two friends do everything together because they are such great friends But as the story moves on, readers come to realize that the two actually don t enjoy the same things at all Created with pencil, watercolor and digital collage, the illustrations show that Mr Fluffernutter merely tolerates the activities his human companion adores, such as tea parties, and dressing up When she allows him to have his way, his taste in food and in games is not her cup of tea at all Eventually she decides that they need to go their separate ways and have fun alone But they miss each other even while enjoying their separate pursuits It s clear that despite the challenges of being friends with someone so different, they enjoy their time together and can t bear to be parted for long There s a good message here for youngsters about loving someone even when he she is quite different from you Although most readers adored the author s earlier Ninja Bunny and Ninja Bunny Sister vs Brother, I liked this one much and was charmed by the relationship depicted on its pages. Sophia 3 years old absolutely adored Me and Mr Fluffernutter by Jennifer Gray Olsen It shares the tale of a little girl and her best friend Mr Fluffernutter as they play throughout the day The story is simplistic with delightful, soft illustrations from dress up

to tea parties It shares the important lesson of playing together and sometimes playing on our own It teaches that we can do both and still be besties This is perfect for early learners as Sophia was quickly able to read this story back to me using images as context clues She became the little girl in the story and began reading to me, Once Upon a time me and Mr Fluffernutter played It was adorable I love books that engage young readers and we continue to enjoy this delightful book. Age Range 3 7 years Grade Level Preschool 2 This review was originally posted at Caffeinated Reviewer Cute, funny, and brief book about a girl and her best friend a cat named Mr Fluffernutter They do everything together, even disagree together This book shows the value of friendship, unconditional love, and, best of all, the value of compromise. I liked Olson s Ninja Bunny books Here she tells the story of a girl and her cat We watch as the close friends share moments, separate when interests seem different and then find their way back to each other Good book about how friends may want time together and time apart with fun illustrations but a fairly predictable story. Me and Mr Fluffernutter by Jennifer Gray Olson PICTURE BOOK Alfred A Knopf, 2017 17 9780385754965 BUYING ADVISORY EL K 3 ADVISABLE A little girl and her beloved cat, Mr Fluffernutter, do everything together They play dress up, catch butterflies, color, and even have tea parties But when Mr Fluffernutter wants to play something different, the little girl decides they might need some time apart This is a cute story about friendship and the realization that even best friends like to do different things It is a great way to illustrate the idea of compromise and respecting others Gina, Media Specialist <https://kissthebook.blogspot.com> 2018 Cute story highlighting the friendship between a girl and her cat They do everything together, but soon the little girl realizes that the cat doesn t really enjoy doing everything her way like tea parties and painting and she certainly doesn t enjoy doing things her cat s way like eating raw fish and sitting in a box So they agree to disagree and still have fun doing things their own way. Very cute book about a girl and her reluctant cat Although we have dogs in our house I feel like our dogs have the same mind set where they just succumb to their fate of having young children in the house. having lived with them for many, many, years Second, I ve removed on star for the illustrations, because the cat looks like an ugly little pug dog, or a pig with a long tale, rather than the sort of handsome creature ALL cats are I m sure my cats would approve.Third, this might be good for explaining to kids that cats are much, much, MUCH smarter than dogs, and will not be forced into most of the sort of activities the girl inflicts on poor Mr Fluffernutter here In fact, try this on Kitty Pussums, and he she is quite likely to give your child a swift scratch Or, as my wise mama cat used to do, move swiftly to a high place where Little Girl could not reach her Get this kid a puppy, and get the author s kids a puppy, and get the author a course of lessons in how to draw cats.
