whole life. Mira Frasier you remember her the bitchy, beautiful girl who came between Lewis and Gen in book one Oh you don't know Read book one sillies Mira has had a really rough life Her drug addict mother left her alone when she was a toddler and the Sallee family found her and took her in She has very little contact with her mother As a matter of fact, the only time she hears from her mother is when she needs something Trying to bail her mother out of trouble, Mira seems to have put her self in danger. After the night Mira is attacked by some thugs and left in the woods, Tyler's sister Cali proposes the idea of Mira moving into her house to keep her safe It gives Cali a chance to move in with Jaeger her boyfriend Here's the problem, Tyler and Mira have a past no one knows about Tyler freaks out because he doesn't want to live with Mira She hurt him when they were in high school and he's carried that hurt into his adult life Mira has issues with abandonment so living with Tyler is no picnic for her either. Trying to keep Mira safe is no easy task And somewhere along the way Tyler and Mira get under each other's skin The problem is they're not ready to admit to their feelings, and they don't really get how the other one feels You know they want each other, they just can't get past their issues. Mira and Tyler have amazing sexual chemistry You feel the electricity whenever they're near each other Even their make out scenes are uber hot I am all about kissing and Tyler definitely has mad skills in that department And in the bedroom Sweet Jesus that man knows what he's doing. Keeping Mira safe becomes Tyler's main priority He tries to keep his distance but he can't and it freaks him out Tyler's got another secret that's holding him back from giving himself completely to Mira. Will Mira be swept up in a life she never wanted to be in Will her mother ever give her the love she deserves Will Tyler and Mira realize their love for each other Want to find out One click True Blue Jules Barnard just keeps making these books better and better. A four lip smack review for True Blue Tyler may be my favorite book boyfriend in this series so far although Jaeger comes in a pretty close second ARC read in exchange for honest review Growing up Mira Frasier was the girl everybody picked on, she had no one caring for her until she was found by the Salles family who took her in and fostered her When she was in Junior high, a boy stepped in and stopped the bullies his name was Tyler The

story then jumps a few years and it is Mira's last year of high school and she has one goal in mind to lose her virginity to Tyler, the one boy she has always loved. This happens, but the next day it seems she has gone back to invisible and Tyler is left standing there and believing the rumours that he was another notch on her belt. Mira, knowing no one will want her if they knew the truth, continues on with life. More years pass and Mira and Tyler will be thrown together once again as he finds her hurt in the woods. What secrets is Mira hiding from the world and what would have happened if Tyler hadn't found her? Needing a job as a way of earning money for her secret, she gets a job at the Blue Casino working as a jack of all trades assistant. What will happen when Mira discovers that the two guys who hurt her in the woods are part of the Casino's staff? Will she ever be safe from harm? True Blue was a long read, and follows a lot of the same style of other NA novels. What I did like about this book was that the ending had Mira realising that she was finally free and that she didn't have to hide who she was. True Blue also touches on the theme of unconditional love and the fact that no matter what, family doesn't always have to be blood relatives.
