

[Reading] ➡➡ Relentless Liberation By L.J. Fine – Soccerjerseys-wholesale.co

Posted on 23 January 2018 By L.J. Fine

Mina Roper made a promise to herself to never get involved with a man again That is why, the shy bookworm is perplexed by her fascination with fighter Tyler Serano Everything about Tyler oozes bad boy, he is intense and through him she can release a little bit of the rage she feels when she thinks about her past, even if it is not her thumping on someone Believing she has been watching him secretly, Mina is shocked with Tyler offers her a ride home A friendship of sorts begins, Tyler is not a relationship type of guy and Mina is not sure she can go through a relationship again, but together they find something powerful that has them questioning everything they know and to afraid to admit.Loved this one, would pick up this author again in a heartbeat You know that there is a mystery to Mina, you just don t know what and when you do you realize how much she has grown into a strong woman even if it is not part of her visual persona Loved every minute of this one. This book was irresistible So much so that I read it all night long Mina and Tyler s story is so exciting that it is impossible to put the book down I loved every minute of it Tyler is so strong yet sensitive as he makes Mina realize she is an amazing woman who deserves love Her story is so crushing that it left me yearning for revenge Fine really knows how to write and pull in a reader This is a must read For reviews go to my blog, bbsbookreviews.com NOTE This Book Has Been Previously Published, But Has Undergone Significant Revision Prior To Re Release Being Stalked From Town To Town By An Unstable Ex Boyfriend Means Demure Bookworm Mina Roper Is Used To Keeping A Low Profile But After A Coworker Brings

Her To An Underground Boxing Competition, Shy Mina Falls Deeply In Lust With Gorgeous Fighter Tyler Serano The Problem She S Convinced He S Hopelessly Out Of Her League Tyler Knows His Matches Are Brutally Violent, So Why Does This Sweet, Subdued Beauty Keep Showing Up To Watch Them Week After Week Despite His Overwhelming Fear Of Commitment, Tyler S Innocent Curiosity Evolves Into A Hot, All Consuming Attraction Just When It Looks Like Happily Ever After Might Be Possible, Mina S Past Catches Up To Her And She S Forced To Make A Tough Choice Follow Her Usual Escape Strategy Or Risk It All For A New Kind Of Life With Tyler Inside Scoop Mina S Past Includes A Nonconsensual Sexual Encounter And Brief Violence, Which Could Be Triggering For Some Readers This was one mighty fine book. I s fighter in it for crying out loud, hot and possessive as hell so how could I give any less than 5 I really enjoy this one, it was nice and quick read. I finished it in one sitting. Solid 4.5 just because it s short I needed Review for Relentless Liberation by J.L Fine I ll start off by saying that I do not normally read contemporary romance or erotica so this novel was bit of a change for me One thing is sure, if all contemporary authors are as good as J.L Fine, you better believe I just found myself a new genre to fall in love with This book was wonderful It had everything I could have hoped for when diving into a new genre An honest heroine, a brooding but sweet hero, antagonists that make you want to wring their neck, and the very best kind of support characters We ll start with the Heroine, Mina Roper I ll be honest, for a lot of this novel I was than frustrated with Mina s Debbie Downer attitude She has major self esteem issues and it comes through in one way or another in almost every single scene in the book After a while you just sort of get use to it As she explains her reasonings throughout the book, you really do start to understand and feel for her, but man, every once in a while it just grates on the brain Otherwise, I adore her She is mostly logical If she happens to fly off the handle, she acknowledges it and talks herself down Her thought processes were some of the most honest that I have ever read i.e She just couldn t, for the life of her, think of anything relevant to say to this man which makes you instantly bond with her I laughed, blushed, and cringed through all of her major struggles right along with her I am, for whatever reason, incredibly overcritical

of heroines I have just met so many terrible ones and now I have minimal patience with them If I could, I would make Mina my forever Heroine and put her in ever book I read Unfortunately I can t, so I just wallowed in her greatness while I could Our Hero, Tyler Serano, is what all of us want from a hero Damaged of course , honest, brooding, tall, dark, and handsome He s got some sexy tattoos LICK , a couple of fantastic jobs, isn t afraid to admit he s wrong even though it may take a little convincing , and defends his woman without prompting or fear His family is big and happy though I wish I d gotten to know then a little maybe they ll have their own books soon nudgenudge He is written as such a straightforward, genuine character that you can t help but fall in love There is something so lovely about a man who is completely unafraid of showing the world how much he cares about someone Throughout the book, Mina talks about feeling comfortable and safe whenever Tyler is around and J.L Fine takes you there every time he is around.This was the first romance novel that I have ever read that was in third person with a single major character viewpoint I know, right It took me a while to figure out why the book was making me uncomfortable and antsy but once it dawned on me, I was able to get comfy and enjoy the ride It is so disarming not knowing what all the characters are thinking and doing at all times I know, I ve been so spoiled It was fun to expand the mind and revel in a new writing style and J.L Fine uses simple but precise descriptions so you don t even feel like you need to know what everyone else is thinking It s all right there on their faces and in their actions The thing that I enjoyed most of this book was how honest and realistic everything was The road blocks for the Hero and Heroine were legitimate The standard break apart that helps with a realization of love was done in a way that didn t make you want to strangle one of the characters or poke your own eyes out waiting for them to just get over themselves In my opinion, this can be a critical and defining moment for any author and J.L Fine freaking rocked it My heart was racing, my palms were sweaty, I was right there with them through the whole thing with bated breath and complete comradery So much fun So I ll wrap this whole thing up with the thought that, though it had it s trip ups rare grammar issues, occasionally grating heroine, rare awkward phrases used during intimate scenes , this book is a

ride worth taking Hero Heroine Plot Steam 1 2OVERALL
RATING Favorite scene Tyler s Birthday Favorite Quote
Instead she liked to exist in a world where the fantastic could
happen, the lines between good and evil were clear, and happy
endings prevailed Fun Fact If you re transitioning from
Paranormal to Contemporary this is a great book The heroine
consistently uses animalistic descriptions when talking about
the Hero I kept waiting to find out he was some kind of
werewolf Fun fun I was given a free copy of this novel by
NetGalley for an honest review ARC received for reviewFor an
Ellora Cave publication it was pretty tame Great little story hot
figher, mousy bookstore girl and douche ex I could really have
done without her bff and the bff s boyfriend fighting all the time
and I do mean ALL the time. I quite enjoyed this book which for
me was a short quick read Off the bat I want to say I was a little
worried at first that the blurb sounded a little like another
popular fighter book and for the first few pages too but have to
say after the first chapter that worry was put to rest, so please
don t let that knee jerk comparison deter you from this book
Mina is a book worm, quiet and a little subdued due to bad
experiences and relationships in her past, she has a low
opinion of herself and doesn t trust easy but she is still quite
easily led into situatuions Hence how she ends up watching
underground boxing matches at the local gym with her friend
Chloe Tyler is a fighter that women flock around and he keeps
them at arms length until he meets Mina the quiet girl that has
been watching his fights and has him a little curious He is
brash, totally open and honest yet polite too Their relationship
is a nice slow build up as friends initially until feelings
develop,Tyler is so good for Mina in helping her develop some
self confidence and it was lovely seeing her come out of her
shell little by little I really enjoyed the interactions between
these two and the writing style lent to some mature dialect
between them Though wow when they finally have sex it is a
whole lot of hot and Tyler has a dirty mouth and I love a dirty
talker.Then Mina s past catches up with her and secrets she
has been keeping from Tyler, that are often eluded to
throughout the book, threaten their fledging relationship as
Mina goes into fight or flight mode Oh I hated the characters
from Mina s past so much and was rooting for Tyler to step up
and fight for Mina so I was happy when Mina finally reveals her

secrets to Tyler Is he still able to protect her from her past though All in a great read with good strong mature lead characters and sub characters too I believe this is the authors debut book and I look forward to reading of her work Given the authors warning I have to add there is talk of a nonconsensual sexual encounter in a past tense but it is not in anyway graphic or in great detail. ARC received via NetGalley I so did not expect how much I would love this book I loved the author s style of writing and will definitely read of their work in the future. I liked how Tyler and Mina s relationship developed through the book and that initially they seem like a unlikely couple but in actual fact are perfect together I loved the characters, primarily the main ones Tyler and Mina but the secondary characters especially Chloe were good additions to the story Overall, Tyler was my favourite loved his personality, in the ring he is a ruthless fighter but with Mina he is sweet, he is protective and a bit possessive of Mina but not overly so, altogether he is one hot ass package. I enjoyed the fact that you know straight off that something bad happened to Mina in the past and that because of it she withdrawn not outgoing has trust issues, and that it isn t until much later in the book that you actually discover what occurred When you do find out though, well, I wasn t disappointed The closer you get to the end of the book, you know her past is going to catch up to her, when it did it happened sort of how I expected it to a repeat of previous events except the fact that Tyler was so controlled I m not saying I didn t like what happened in the book, but I was expecting there to have been a explosive incident. Plus, I thought Tyler and Mina s sex scenes were very hot. Short, nice and quick read A fighter and a shy girl, both with demons from the past First as friends and then friends with benefits lovers The story has a vibe of Beautiful disaster book Overall solid 4 stars 4.50 Stars I was going to give this book a full 5 Stars, but the ending or last 10% of the book was too rushed When I was at 90%, I thought that it would end in a cliffy since there were still certain things that had to be solved and that there is no way it could be solved in 10%, but it was and I was disappointed What happened at 90% came together too perfectly too quickly I felt like it needed attention. But I want to stress that overall I really liked this book I really loved the characters and I loved the story. Mina is a quiet and reserved

woman She has moved to a small town to escape the evil that has been hunting her for the past 4 years Her friend, Chloe, takes her to an underground fight club one night Mina is immediately addicted to the scene or I should say to a particular fighter, the top fighter, Tyler Mina knows that Tyler is way out of her league, but she can't help coming time and time again for three months to watch him fight She is not the only one there to watch this amazing specimen fight so she knows she has to stay in the background and watch from a distance One night after a fight, Mina is waiting for her friend Chloe to drive her home As she is waiting, she notices Tyler sitting by her Tyler starts to talk to Chloe and from there friendship develops I loved how Tyler approached Mina I loved how he insisted on their friendship and when things did happen it was amazing and special Tyler is hot and protective of his Mina I loved it This story is told in Mina's POV in first person and I was happy that it was not written in dual POVs I loved not really knowing what was going on in Tyler's head I loved that as a reader I had to guess like Mina what Tyler really was feeling I loved Tyler, but he told Mina what he wanted and did not want in this friendship Some of it I was upset about but Tyler had his own reasons for setting up his rules for Mina However, in the end actions always speak louder than words There was so much to this man than just being an underground fighter You said that reading was your third favorite thing to do What are your top two He quirked a brow then considered for a moment You really want to know She rolled her eyes I wouldn't have asked you otherwise Once again he assessed her for a few moments before finally coming to some sort of conclusion All right The first two are fighting and f ng No necessarily in that order I loved the amount of uncertainty between the characters and angst that this story had Like I mentioned, I was upset that certain things were solved too quickly, but overall I really like this book I started it at 8pm before bed and could not go to sleep until I read the last page I had to know how everything would come together. I will definitely be reading by this author A copy was provided by the author/publisher in exchange for an honest review.
