very long time Thank you Danielle Allen for providing me with my first 5 star read of the year For reviews check me out at Wow.I can not believe the level of talent that was displayed in this book I am so grateful to have been given the chance to read Broken Clocks, Layla and William had such an amazing amount of chemistry from the very beginning of the book Their connection was just palpable There were so many obstacles that they had to face and let me tell you Layla was stronger than I could have ever been, I admired her a lot William s love and loyalty is one of the most admirable qualities within him The ending totally ruined me Grab tissues if you are a wuss like me, I m telling you, y all are going to cry Definitely will read other books by this author in the future But when it comes to love, don t get so hung up on the timing Just enjoy the time When you re with the perfect person, there will never be enough of it Where to begin with this review It doesn t happen too often that I sit and stare when I finish the last word of a book Broken Clocks did something to my spirit that I can t quite describe It went beyond a book and made me think about if I use time as a crutch aka an excuse as to why I keep love at an arm s distance The powerful connection that Broken Clocks makes to a person s own life is what elevates it from a typical romance novel to a powerful piece of literary work Layla and William s love story is one that plenty of folks are way too familiar with Two people meet, they date, decide to be friends, and that goes left of center then they cross paths again Allen has perfectly captured how regardless of circumstances if two people are truly meant to be together then they will find a way The dialogue, the cadence, and the emotional rollercoasters are perfect I mean absolutely perfect Some detractors will say, Ugh, another romance novel They are so unrealistic And, I tell those folks to quit being such a sourpuss Love is special Love is powerful Love will make you have a different air about you Broken Clocks is one of those rare works of fiction that makes a reader believe that love can be and should be felt in real life because it can literally change your life Back to December was my favorite book by Danielle Allen but Broken Clocks pleasantly surpasses it and now moves her onto my favorite authors list. Reviewed by CRABBIE It s been a while since I ve read a story that had me stuck once I finished the book and Broken Clocks did just that The story of Layla and William was

written perfectly The story flowed and the character development was on point These two characters went through a lot but the love between them was undeniable This story had my heart thumping, my emotions at a all time high and I didn t want to stop reading because I was so engrossed in the character s lives Although I own many of Danielle Allen s books I have no idea why I never read them the book hoarder in me I guess After reading Broken Clocks I ll definitely be reading her other books One thing for sure anytime I see 9 27 I will always be reminded of Layla and William Broken Clocks reminded of a few things Broken Clocks reminded me to live in the moment. Broken Clocks reminded me that tomorrow is never promised. Broken Clocks reminded me to focus on the positive and not the negative. Broken Clocks reminded me that the past is the past and focus on the present. Last but not least Broken Clocks taught me that a Broken Clock is always right twice a day Kudos to Danielle Allen for writing such powerful book If you like love stories this is the book for you If you are a fan of Danielle Allen and haven t read Broken Clocks you should If you haven t read a Danielle Allen book I suggest you start. Broken Clocks is a maelstrom of emotion with characters whose journey takes you on an epic ride I laughed, I cried, I called up my old work just kidding all my exes are dead But seriously though, Layla and Will s journey is a testament to the enduring power of love in all of its many forms despite obstacles that may arise Readers better strap themselves in as they ll be taken on a rollercoaster ride filled with a bevy of emotions ranging from euphoria to gutwrenching pain as they ask themselves is there really a such thing as perfect timing Love has a way of knocking on your door when you least expect it I love the fantasy of love but know the reality of love that a deep love can bring In Broken Clocks Mrs Allen takes the reader on one hell of a roller coaster ride of emotions with love, hurt and sometimes hate The main characters are William, Layla and Molly the Model William and Layla are loveable and at first glance you know there is chemistry and they are soulmates with a love that runs deep The tug of war on love between these two will have you loving them and hating them at times The interaction with Molly the Model has me wanting to step in and show her who s really the boss but I know Layla s best friend had that covered Mrs Allen does an

amazing job with all of the twists, turns and hills while allowing them to tell their story but what she doesn't prepare you for is the ultimate drop right before the roller coaster ride ends I dragged finishing this book because I knew something was going to happen I just was not prepared for what happened Mrs Danielle Allen I believe you may have created a stalker in me with this one I have so many questions that I don't know where to begin To all of my fellow readers out there run and run quickly to pick up your copy of Broken Clocks Better yet, hit that one click button, grab a hot cup tea and get ready for your ride. According To My Grandma, A Broken Clock Being Right Twice A Day Meant That In Any Given Situation, There Are Only Two Opportunities For Perfect Timing I Fell For William Grayson In A Matter Of Minutes The Connection Between Us Was Undeniable, But Our Timing Was Off I Was Dating Someone And By The Time I Was Single Again, He Was Taken And A Year Later, When We Finally Got Together, It Was Clear That We Were Soulmates But Circumstances Out Of Our Control Cut Our Time Short We Were A Little Older, A Little Wiser, When Our Paths Crossed Again I Was Entering A New Phase Of Independence In Both My Career And My Life He Was Growing Professionally And Moving To A New City And Even Though Our Timing Was Off, It Was Still Clear That We Were Soulmates But For The Second Time, Circumstances Out Of Our Control Cut Our Time Short My Grandma Was A Wise Woman, But My Love Life Taught Me That There S No Such Thing As Perfect Timing There S Just Timing Because Nothing Is Perfect There S Just Right Now Because Tomorrow Isn T Promised For As Long As We D Known Each Other, William And I Just Wanted To Be Together It Was As Simple And As Complicated As That This book was extremely well written and the story line and moral was perfection I kept thinking that I knew what was going to happen and I had it all wrong Very unpredictable Although I hate sad books, I can't deny the writers talent here Will definitely be reading of this author's work. WoW Danielle Allen , this book is really good William and Layla are soul mates , so much that you feel their connection The author shows you that they belong to one another Time is not always on their side hence the broken clocks But as Layla's grandmother explained a broken clock is always right two times a day This books takes

you through their relationship, the broken clock times that will make your cry and the times when the timing of things are right and you will read the passion and love between the couple I enjoyed this book and I ll never forget this story or the lesson it teaches you.
