I have been a fan of Popes for a while I have many of her past books She is so full of positive, wonderful wisdom.I always end the book having learned so much and feeling so much better after having read the book Not to mention the book is full of underlined tidbits to go back and ponder.I gave this book 4 stars I recommend it.The Mary Reader received this book from the publisher for review A favorable review was not required and all views expressed are our own.
