The corn flakes try to be nice and not put others down but

they call the corn pops and fruit loops idiots and other mean names sometimes to their face mostly Darbie does it to the face but the others talk mean about them in private which is wrong No one s perfect but hopefully the readers will learn from their mistakes.

A cute book and it teaches girls that you need to look deeper at a person to really understand what is going on Also that it is important to give people the benefit of the doubt and a second chance.
