I don't even know where to begin with this book had so many issues with it. This book has MANY issues, I agree with that. But the hot scenes were pretty steamy and I also liked the introduction. However a great read is not to be expected and especially no real story line, nor deep characters. Typical Amarinda story smart mouthed girl sends explicit emails at work Gets boss's attention and then some Lots of sex In public In private Insta Lust Add menage partner and a whack job badguy and call it a story. Delaware Brooks sends her friends and coworkers silly emails about her imaginary liaisons with their new boss, Templeton He sees the emails and is fascinated by the woman who sent him He and his best friend, Speed, decide that they must get to know her better As the three explore their attraction, an unknown danger arises. Okay, I gave this one a four because I really did enjoy it for what it was If you're looking for a lot of plot, this might disappoint However, if you enjoy a story that has lots of steamy sex, give it a chance. After Delaware Brooks Sends A Silly Email About What She'd Like The New Boss To Do To Her, She's Called Into The Boss's Office The Punishment Every Hot, Sexual Craving She's Ever Had, Fulfilled But Templeton McAdam Isn't The Only New Man In Her Life His Best Friend, Speed Is Invited To Enjoy Delaware, Much To Her Surprise And Excitement Two Men One Woman Their Only Desire Is To Please Her Intense Pleasure Is One Thing, But Is It Wrong To Enjoy Both Men What Would A Good Girl Do And Should She Be Falling In Love With Them So Fast But Sudden Love Isn't The Only Problem Delaware Has Someone Is Watching Her
