

[PDF / Epub] ✍ Wild Wolf ? Karen Whiddon – Soccerjerseys-wholesale.co

Posted on 01 August 2019 By Karen Whiddon

I have to say that 90% of this book was great There was lots of adventure, danger, and romance The ending however fell short of my expectations from the whole story Overall considering it was an ok read that I don t regret spending my time on. interesting premise but nothing really out of the ordinary I really like Whiddon s pack and have been a fan of these short shifter reads from way back I enjoyed Wild Wolf, but there was a great deal going on in this one and really thought that Whiddon had the makings for a full length novel here Still I liked the pairing of the by the book Simon who learns to appreciate shades of gray after living a black and white life and also the wild Raven who ends up asking insightful questions since she s the outsider looking in at Simon s world. Raven is a shapeshifter who think she is the only one who can change into a wolf Then she sees a man change into a wolf and realises that there are others like her But Simon has been sent to assess the threat that she poses to the general shapeshifter population His orders are to kill her but he finds that she is not the feral animal everyone thinks. Mills Boon does Werewolves Gotta give this a try Turning Her Back On Humans Because Of Her Ability To Shape Shift Into A Wolf, Young And Beautiful Raven Doesn T Believe She Needs Anyone Until The Day A Darkly Handsome Man Appears Near Her Remote Cave And She Watches Him Turn Into A WolfSimon Caldwell Has Been Sent To Assess The Threat Of A New Feral Wolf Prowling The Rockies But He S Wholly Unprepared For His Intense Attraction To Raven His Investigation Is About To Take A Deadly Turn As He And
