[Epub] → Winter's Passage (Iron Fey, #1.5) By Julie Kagawa – Soccerjerseys-wholesale.co

At around 50 pages, Winter s Passage is a nice bridge between The Iron King and the second full length book in the series This novella picks up right where The Iron King leaves off, with Meghan journeying back to the Winter Court with Ash to fulfill her end of their contract Of course, there is plenty of adventure along the way and the introduction of a few new characters.This ended up being a very sweet and heartfelt novella Ash and Meghan are falling in love and their feelings are getting harder to deny It was pervaded with the sweet, innocent feel of first love.However, this short read also had a sense of impending doom that was always lurking in the background Ash and Meghan know that their romance is strictly forbidden More than Meghan, Ash knows the cruelty of the Winter Court The closer the two become, the Meghan s fate in the Winter Court haunts them both With each step, the sense of dread grows.This novella was a nice lead in for the second book However, it wasn t absolutely necessary to follow and understand the series After finishing this novella, I jumped right into the second book only to find that much of the information provided in this novella was also provided in The Iron Daughter So, while this was a nice, quick extra , it isn t really required in my opinion It was sweet and I liked it, but there isn t anything revolutionary or critical here.Check out of my reviews at www.bookaddicthaven.com

[Epub] → Winter's Passage (Iron Fey, #1.5) By Julie Kagawa –
Soccerjerseys-wholesale.co

When we were young, we usually ask our parents to tell stories that will delight our evening. It was like a new life, a new day for a kid and everlasting days of sweet dreams. When we are older, we want to tell stories to the younger one and sometimes we felt behind from the stories that had been told. A lot of books lately had been published to create different perspectives of the old fairy tales that our parents told us every night and sometimes they recreate a new story that will warm readers till the last word of the book. It seems that the big bad wolf is trying to catch his biggest bait today. When *Megan Chase* has to leave her parents and her little brother, she wished to visit *Puck* after a great accident that causes him to coma state. When wishes had been granted, a payment must be paid on time. She doesn't have a chance to say good bye to her school or take a day out from the great chase. So she went with the winter prince, *Ash*, to the winter kingdom and the adventure starts with a little spicy twist and bitter ending. Again, *Julie Kagawa* did not disappoint me after reading two of her works. And imagine, this is just a novella with a sudden transformation from an old fairy tale. This is hope, this is something I must keep until the end of the world. So far, this is the best novella I ever read and recommended to those readers who already read the first book or the whole series. When the *hunt* revealed in the first book, I don't have any idea of what creature he was or maybe I chase the action scene than paying attention to details. He was creepy and ended a chapter in the first book and here, *Julie Kagawa* made something shocking in the *Winter's Passage*. Overall, I find it difficult to accept that I'm falling in love to *Megan Chase* even though she's a sensitive girl like an imperfect human. The action scenes here are amazing than the first book too. It gives me goose bumps and gives me heartache while reading it. The *Unseelie* become gory and scary with their blood-thirsty mouths and norms. With their total

adventurous travel and heartwarming tale, the *Unseelie* mystery now reveals its true form Lastly, the queen with true icy beauty welcomed readers to the next unfortunate chapters of the book Live long *Kagawa The Gray wolf or the Canis lupus is the nearest ancestor of the first canine They became popular because of their fierce looks and good hunting skill They become werewolves at night and become human in day Let the chasing begin* Review posted on *the day that the mighty one will create something surprising*.Rating *Winter s Passage* by Julie Kagawa, 5 SweetsChallenges *Book 244 for 2011*

I hope this is as necessary to follow the story as I ve been told half a hour or so later Given that the most interesting thing in it is a cameo of Grandmother Willow from Pocahontas, I dare guess it isn t.

Final rating 3 5 starsThis short story is kind of necessary for the series because it shows in a way how Ash feels and all dread Meghan has to face now there is something vicious stalking themand it will be important later in the series Basically the synopsis is enough to tell you what is going on, but still It s worth reading I kind of miss Puck by

now and i hope he is going to return in all his glory ASAP.Now,onto the next book D REVIEW S RELATED TO THIS BOOK The Iron King The Iron Fey, 1 Winter s Passage The Iron Fey 1.5 The Iron Daughter The Iron Fey, 2 The Iron Queen The Iron Fey, 3 Summer s Crossing Iron Fey, 3.5 The Iron Knight Iron Fey, 4 Iron s Prophecy The Iron Fey, 4.5 The Lost Prince The Iron Fey Call of the Forgotten, 1 The Iron Traitor The Iron Fey Call of the Forgotten, 2 The Iron Warrior The Iron Fey Call of the Forgotten, 3 *This review can be found on my blog infinity of time.blogspot.com also known as*

A sweet little novella which fits in between the full length novels of this series It deserves several stars just for the stunning cover It is a quick, easy read which gives the reader insight into the characters and the relationship between the two main characters So not essential reading but background to the main event Also Ash for those readers who regard him as the main event

I can t believe this book was free I totally would ve paid for it THANK YOU This will satiate my nagging impatience for Iron Daughter The only thing that would make me happier is moving the release of book 2 to

about 2 weeks from today hint, nudge, wink Follow the link for happiness. What a TEASE My impatience for the release of The Iron Daughter just multiplied exponentially Winter s Passage spins the tale of Meghan and Ash s journey to Tir Na Nog to uphold Ash s vow to the Winter Queen Mab to deliver her alive Being an interval novella I was concerned about this just being a recap of The Iron King and not really worth the time Wrong This is an adventure all its own and Julie perfectly balanced the background referencing and new adventure, so Iron Fey addicts like me can get our fix Thanks, Julie, you big tease Seriously, though, even if you haven t read The Iron King, Winter s Passage is a great story and will definitely suck you in.

3 It was OK, but I have a difficult time rating shorts, since they are just a fill in of information, not a full story This seems to be a bridge between books one and two At the end of the first book Meghan Chase, the half Fae half human 16 year old, has agreed to go to the Winter Court s Queen with her son, Prince Ash But their way there is far from easy and they are chased by monsters throughout It does include couple of kisses

This was surprisingly good for a novella Honestly I didn t think I will like it, but I did Nothing really happened, but it was a fun quick reunion with the characters The thing I liked the most in The Iron king were the character, so I really enjoyed it However I would have loved to see Puck again I hope that he wakes up soon Also I love Ash and Meghan together.The only thing that I didn t like was that the novella was really short as it was and we didn t need half of the time to be spent on explaining every detail in case someone doesn t remember.But otherwise the novella was great and I can t wait to read the next book.
