I read this book in 2013 I don't remember too much details, but I don't remember anything that bothered me about the story I need to reread or skim the book I only remember the hero wasn't a jerk, he was like a better hero Thrust Into The Limelight, Child Star Cassandra Timidly Enchanted Audiences Night After Night But When Her Parents Died, Cass Retreated Into Her Own World Too Shy To Leave Her Home Once A Year She Shares Her Musical Passion By Offering Lessons In A Charity Auction This Year, Money Talks The Winning Bid , Enter Neo Stamos, Arrogant Greek Tycoon He Wants Cass With A Burning Desire, Though He Knows That, Shy And Sweet, She Will Need A Gentle Awakening But Neo S The Master Of Seduction Cassandra is a world class pianist that suffers from agoraphobia. Neo is a Greek Tycoon who has just been given a years worth of piano lessons from Cassandra won by his partner that were won in an auction. Having not experienced mild moderate agoraphobia, I have no idea how unusual it might be for someone suffering from this to actually be able to auction themselves off like that Her anxiety levels were to up and down to be believable. The book read fast, but when I made it half way through I wondered where is the conflict I finally discovered conflict tucked away neatly on page 178 which was then very quickly resolved by 184. Rated 2 stars because it wasn't bad, but it wasn't what I would call a satisfying HP read. Warning this is a no conflict romance My Ratings 5 I loved this book, consider it an all time favorite 4 Thoroughly enjoyed the book and will recommend it 3 I liked it well enough, 2 Brain Candy It was okay Writing mediocre,

will keep re-read if part of a series. I didn't like it possibly not finished. Less. The Shy Bride is the story of Cassandra and Neo, and a wonderful read. Unlike its name, the story is actually about two unlikely people falling in love. Cassandra is a famous but reclusive pianist who suffers from agoraphobia. When Billionaire Neo purchases her lessons for an year, both are entranced by each other. You have a shy heroine, a caring alpha hero, sweet love scenes and no angst. I really liked the way the H dealt with the heroine's anxiety, and did not push or persuade her against her wishes. She on the other hand was talented but not afraid to take chances. A thoroughly enjoyable read. Safe4 5 2.5 Stars Meh. No longer free. Untouched and bought for 100,000 Thrust into the limelight, child star Cassandra timidly enchanted audiences night after night. But when her parents died, Cass retreated into her own world too shy to leave her home. Once a year she shares her musical passion by offering lessons in a charity auction. This year money talks. The winning bid 100,000 Enter Neo Stamos, arrogant Greek tycoon. He wants Cass with a burning desire, though he knows that, shy and sweet, she will need a gentle awakening. But Neo is the master of seduction. Traditional Greek Husbands. Notorious Greek tycoons seek brides. A great read. Cassie may be shy but she also sweet and no doormat. She has no problem telling arrogant Neo where to go. But she is also attracted to the sexy man. They banter back and forth making for an interesting read and the sexual tension is hot. Neo turns out to be one caring man underneath that handsome exterior. He sets out to free Cassie from her fears with his love. What a man. Well written and one of the author's best books. Why yes my crippledly anxious and traumatized new age pianist, I can cure all your problems because I am so fabulously good looking and rich. And you, poor fabulously wealthy man who I will now call tycoon a dozen times even though no one uses that word, I can see past your gym toned exterior to the unloved little orphan boy who secretly yearns for the home life he never had and will teach you to listen to the music of your heart while I give you piano lessons. I have to say that I found this extremely boring, which shocks me because LM is one of my all time HP authors. It just felt like the chemistry was lacking and many scenes felt so forced.
