?Reading? ➡ Essentials of Entrepreneurship and Small Business Management Author Norman M. Scarborough – Soccerjerseys-wholesale.co

I read this for a class on forming a small business It s an excellent resource The layout is pretty easy to read and for a textbook, it wasn t bad I liked that there were often entrepreneurial profiles throughout each chapter and section, typically very relevant to the topic at hand The chapter is both summarized at the beginning and end the beginning gives you what you WILL be learning from the chapter and should retain and the end summarizes with detailed blurbs and even questions.Overall, a great book The professor noted that he hoped we would keep the book I know I will.

Well written, really easy reading for a text book and very helpful in terms of business terminology and application of the concepts.
