light, pretty fluffy, a few moments of eye roll, but kinda cute. Elise Clifton doesn't know who she is since she found out she was switched with another girl at the hospital when born Matt Cates has protected Elise since she was a child and he still has a protective streak in him, now mixed with love. Matt is a hero you can fall in love with as he is just a good guy. He is pretending to be a boyfriend for another woman whose ex was semi-stalking her, then he provides a strong shoulder for Elise. He even turns her down a couple times as he knows she is so conflicted about who she is. Great holiday read that I should have finished before Christmas but life got in the way. Loved this book. Elise Clifton Is Back In Thunder Canyon For A Family Reunion With Her Newly Discovered Parents Now Rumors Are Flying About The Woman Behind The Town's Hottest Story And Matt Cates The Tall, Dark, Gorgeous Cowboy Who's Making Elise Long To Turn The Past Into A Future With Him. Ever since he came home to Montana, Matt's been trying to live down his wild playboy reputation and the moment he sees the petite blonde again, he doesn't have eyes for anyone else. Will Matt's love for Elise become the town's next big headline? Stay tuned, faithful readers, to see if Thunder Canyon's most honorable cowboy can persuade Elise to tie the knot with him and turn this Christmas into a true season for giving. I enjoyed it very much. It was a cute story of Elise who's had a mad crush on Matt ever since grade school. You see, Matt has always played the part of her knight in shining armor. Elise as he calls her was always getting herself in mishaps. But then in her teens Elise

s father was murdered her mother move away from the homestead leaving her old brother behind on the ranch Something life changing for El her family brings her back to Thunder Canyon which causes her a lot o pain embarrassment If that was not enough combined with her dads death Her best friend can t meet her for drinks at the local bar grill you guest it she is down in the dumps drinks to much needs a rescue.Guess who is there to help A very touching story worth reading. A TTC was one of the most satisfying conclusions to a multi author serial I ve read in recent times Elise s isolation and Matt s displays of love drew you in completely Her realization that she was responsible for her situation was one of my favourite parts because I was worried she was well on her way to pushing Matt too far It was also good to see everyone from the previous five books although the mushy wonderfulness of all those new couples must be hard to watch I mean if I was there, my eyes would be rolling in the back of my head Good thing it s fiction. I loved the setting of this novel Montana, during Christmas, with a romantic interest sparked between the two main characters, Matt and Elise Who can resist a cowboy Not many women, not me, and not Elise.What I enjoyed, most of all, was that the romance developed with speed bumps along the way, as most true life romances do Matt and Elise also needed to work out choices in being together or not and at each stage, each character had very distinct thoughts about their choices The expression of thought sets Ms Thayne s book apart from most, and makes her writing sparkle. A good story that I enjoyed but might have been better if I had read the rest of the series which preceded it by different authors She is one of my favorite authors which means she is an auto read for me and I might pick up the rest of the series on the cheap later. Loved the whole series. Good book Enjoy reading the Montana Maverick series.
