New Release Review Ghost Tracker Trackers 2 Jenna Kernan When wolf Skinwalker, Nick Chien, is attacked by ghosts, the Thunderbirds leave him at the mercy of an enemy healer, a Dreamwalker, with supernatural powers as dangerous as his own Her duty as a Spirit Child is to kill him But she instead determines to learn if his wild story of being attacked by ghosts is true While walking in his dreams, Native American Jessie Healy, sees the truththe threat is real Nagi, the Ruler of the Circle of Ghosts, is using his ghosts to take possession of humans and attack the living She also discovers, that in his dreams, they can explore a passion forbidden between their people when awake But upon waking, they face than the discovery of their attraction They must confront an enemy that could destroy them both Jenna Kernan s Tracker series is a wonderful world full of intriguing mythology, fascinating characters and she brings it all to life with well written descriptions that makes it easy for the readers to become part of the story as it takes place Nick and Jessie are strong, captivating characters that easily draw readers in and then refuse to let go because they have lots of sizzling chemistry but due to cultural differences they try and fight that attraction which keeps a lot of tension and angst which makes the romance quite rocky and keeps readers wondering if this couple will reach their happily ever after moment The story starts off with a bang as the enemy targets Nick and then he finds himself injured on Jessie s doorstep and the suspense and anticipation builds from there keeping readers on the edge of their seats with this fast paced plot The mythology mixed in with the romance and the author s type of characters adds interest and a little something

Afterlife

After the Kiss

extra as it adds to readers knowledge and changes things up a bit Skinwalkers have always fascinated me and this book really brought them to life and so I was quite enthralled with the story from the very beginning and even though I haven t read the first one yet, I had no trouble catching on to the plot and the bad guy s intentions, of course, now I will be adding the rest of the series to my TBR pile Ghost Tracker is the 2nd book in the Tracker series and was previously released by Harlequin Nocturne as Ghost Stalker Ghost Tracker is available in ebook at BN Jenna Kernan can be found at Website Goodreads Twitter Facebook Pintrest G BookBub

I didn t read the first book, but I find that I had no problem with the continuity of the storyline In this book, Nick is a wolf, an Inanoka a skin shifter On one of his nightly club hopping he meets up with three females and leaves with them only to have them injure him that he calls for help to the spirits who send a gale to rescue him He hears the females who are inhabited by ghosts that they will follow him to the human Niyanoka who is a healer But he asks to be sent away from his friends to keep both safe He lands on property owned by a young woman, Jessie Unfortunately she like the rest of her kind, not only hate his kind but are terrified of them She tries to kill him but can t do it so she helps getting him healed To find the truth of what h s told her, she walks in his dreams where they have a tryst, she figuring he won t remember That so didn t happen Life and circumstances start happening that changes lives. Fantabulistic story and read I received

a free copy of this book via Booksprout and am voluntarily leaving a review.

When Nick is wounded by a Ghost attack and literally dropped at Jessie Healy s ranch, her first instinct is to put him out of his misery She is a dreamwalker, and he is a skinwalker, a wolf in disguise They are supposed to be enemies And yet, she cannot bring herself to harm him There is a strange connection.As she helps Nick, she realizes that everything she had been taught about his kind was wrong Now she must face this new reality and face the threats from an enemy she never expected.This is book 2 of the trackers series Each book is a self contained story, but there are elements that tie the series together The overarching arc is interesting to watch build There is a little interaction with previous characters, which is fun, too Some of the story pacing felt slow at times, but overall I enjoyed the story and am looking forward to the next book I received a free copy of this book via Booksprout and am voluntarily leaving a review.

This is book 2 of the Tracker Series and it was even better than the 1st one Nick Chien is a wolf Skinwalker he

is attacked by ghosts sent by Nagi, Nick is badly injured and he is left with the enemy a dreamwalker Jessie Healy. Jessie is told to kill Nick but she waits until he is asleep to find out if he is telling the truth, Jessie dreamwalks in Nick's dreams and she finds out that he is telling the truth and that Nagi has sent ghosts to take over people and then attack others. Nick and Jessie have an attraction to each other but they can only play it out in their dreams, but because he is a skinwalker and she is a dreamwalker they are supposed to be enemies and falling for a skinwalker is forbidden. What a fantastic story and I can't wait to read book 3. I highly recommend this book it's definitely well worth the read.

This is the second book in this amazing series, and even if you haven't read the first one you will be just fine. The fast-paced, suspense that is found in this story kept me glued to the pages. If it hadn't been that, then it would have been the spicy romance, or the complex characters. I also love the fact that the supernatural aspect is taken from Native American mythology versus the Roman or Greek that is so common today. Every thing about this one is captivating, and I'm excited to jump into book three.

It s true a Soul mate and one just for Nick Will wonders never cease I have not found many authors that have written American Indian s oral history I know that these stories are not true, but the author has treated them as such I really appreciate that She has created a world were they exist and done so well they would give there approval At least in my opinion They tell a story if love, sacrifice, acceptance and honor They are awesome and I hope there will be many I received an advanced reading copy in exchange for an honest review.
